# WORKING TO EVOLVE PLAN FOR PREVENTING WAR UPON CIVILIANS

Prime Minister Chamberlain Explains Great Britain's Aim and Difficulties of Finding Workable Scheme to Submit to Other Powers—Consider Sinking of Freighter Deliberate

LONDON, May 30 (P).—Great Britain is trying to work out an international plan to prevent killing and maiming of civilians by airplane bombings, Prime Minister Chamberlain informed the House of Commons today.

During debate in which he expressed "abhorrence" at the Spanish insurgent air raid upon Alicante last Wednesday, when more than 400 were killed, the Prime Minister said:

"What is desired is an international agreement. The matter gives rise to very great difficulties. What we are trying to do is to get a proposition in such form that will have a chance of success."

**TRYING FOR SCHEME**

To a suggestion that an international conference be called to prepare a plan, Mr. Chamberlain replied:

"From the practical point of view it would be advantageous if we could find some workable scheme. That is what we are trying to do. Then we shall be in a position to invite other Governments to consider it."

# DO HONOR ON MEMORIAL DAY

Americans Honor Heroes of Battlefields—Civil War Veterans Parade

(By the Associated Press)

Across the nation—on the hallowed battlefields of Gettysburg and Antietam, in tree-shaded country towns and great metropolitan centers—tens of thousands of Americans yesterday (Monday) observed the seventeenth annual Memorial Day in homage to men who died on the field of battle.

**CIVIL WAR VETERANS**

In New York, only twelve Civil War veterans—the oldest ninety-six, the youngest ninety, with a combined total of 1,107 years—marched with faltering step on Riverside Drive. Two others, too feeble by age to join their comrades, watched from the reviewing stand. Last year there were fifteen.

More than 100,000 spectators braved chill winds sweeping down the Hudson River to witness the parade.

In Times Square, ceremonies were held at the statue of the late Rev. Francis P. Duffy, famed "fighting priest," chaplain of the 69th Regiment during the Great War.

President Roosevelt passed a quiet day at his Hyde Park, N.Y., home prior to his departure for the capital.

**TOLL OF LIVES**

Violent deaths took at least 250 lives in the United States during the extended seventy-two-hour Memorial Day "week-end," but the holiday period still seemed safer than in 1937.

With forty-five states reporting, the death toll yesterday lagged far behind last year's three-day toll of 346.

Traffic accidents, as usual, accounted for the bulk of fatalities—149—but the opening of the outdoor sports season also brought fifty-eight drownings. Fire killed ten and miscellaneous accidents caused thirty-three other deaths.

# Pope Celebrates Birthday Today

CASTEL GANDOLFO, Italy, May 30 (P).—Pope Pius will pass his eighty-first birthday quietly tomorrow in his summer palace overlooking Lake Albano.

Except for a Low Mass in his private chapel and reception of a few of his intimate associates, the Pontiff expects scarcely to mark the day.

# Occupies Important Position

SIR GODFREY D. RHODES, C.B.E., D.S.O.

Who was born in Victoria, had a distinguished record of service in the Great War, and is now manager of the Kenya and Uganda Railways and Harbors, Nairobi, East Africa, arrived here yesterday on the Ss. Empress of Russia from the Orient, and will be a guest at the Empress Hotel for several days before continuing to England, where he will holiday on leave.

# Huge Army Waits The Zero Signal to Drive on Hankow

Japanese Troops Spread Along Front of 250 Miles—Over Million Chinese Estimated to Be in Field to Defend Their Richest Agricultural Territory Against Invaders

SHANGHAI, May 31 (P).—A Japanese army estimated at 400,000 men stretched along a 250-mile crescent-shaped front today awaiting the zero hour signal for a general offensive on Hankow, principal of China's temporary capitals.

The battle line, 250 miles from Hankow at its lower end, extended from Wuhu on the Yangtze River northwest through Anhwei Province to a bitterly-contested point on the Lunghai railway near Lanfeng.

Stubbornly defending China's best agricultural territory against the invaders was an estimated force of more than 1,000,000 Chinese.

# PLANES CAUSE FEAR IN JAPAN

**Mysterious Machines, Believed Chinese, Drop No Bombs or Leaflets**

TOKIO, May 31 (P).—Western Japan was "blackened out" for three hours last night and early today at protection against two mysterious airplanes, believed to be Chinese, which cruised along the entire length of the western coast of the island of Kyushu.

The craft apparently dropped neither bombs nor leaflets. It was Japan's second "bloodless air raid" in ten days. Chinese planes on May 20 dropped leaflets on a 2,500-mile round trip flight from Hankow. Japanese authorities were mystified and worried over the raid, fearing it might presage a mass attack. They appeared more alarmed than if the planes actually had dropped bombs.

# Penalties Stiffened In Criminal Code to Make Motoring Safer

Many Amendments Planned in Bill Before House—Salting of Mine Made Specific Offence—Reckless Driving to Be Curbed

OTTAWA, May 30 (P).—Such diverse subjects as prohibition of publication of evidence in marital cases and making salting of a mine a specific offence were included in the omnibus bill of Hon. Ernest Lapointe, Minister of Justice, for amendments to the Criminal Code introduced today in the House of Commons.

Four clauses deal with offences in respect to motor cars and are designed chiefly to put a greater curb on reckless driving. One would make failure to stop at the scene of an accident prima facie evidence of intent to commit an offence.

Present section of the code dealing with failure to stop at the scene of an accident makes a driver liable to a \$50 fine or thirty days in jail "if with intent to escape liability, either civil or criminal, he drives on without tendering assistance and giving his name and address."

**PENALTIES INCREASED**

The drastically revised section would make the offence liable to indictment or summary conviction, would increase the penalties to maximums of \$500 or six months, and would make failure to stop prima facie evidence of intent to escape liability.

Continued on Page 8, Column 1

# Mapping Province Long Job Unless Work Is Speeded

OTTAWA, May 30 (P).—British Columbia's proposal that the Dominion map that whole province in scale of one mile to an inch would take 211 years to accomplish at the present rate of progress, Dr. Charles Cammell, deputy minister of mines and resources, said today. The work would take \$14,000,000 to complete, of which \$10,000,000 would be contributed by the Dominion.

# OLD TOPIC GETS AIRING

Sir Thomas Inskip Announces Plans for Conscription in Emergency

LONDON, May 30 (P).—The question of conscription was aired in the House of Commons tonight as Sir Thomas Inskip, Minister for Defence Co-ordination, announced plans were envisaged for creation of a competent authority to allocate to persons concerned their proper place in an emergency, according to age and capacity for public service.

"Nobody can escape from that obligation by choosing a position, possibly one which he might think more attractive for himself in peacetime," Sir Thomas said.

J. C. Ede, Labor, asked if this meant a Conscription Act was in existence which put everybody in an appropriate niche, and on the day an emergency arose legislative machinery was ready for effecting it.

Sir Thomas replied: "I said so as plain as I could." But later he denied he had announced a policy of conscription of labor, and warned: "No more must be built than either expressly stated or necessarily implied" from the statement.

A point Sir Thomas made was: "If anybody elects to join one or the other of the many services asking for recruits at the present time, he will do so with full realization that he will not thereby be exempt from any obligation which Parliament may impose upon him in time of war."

# ENGLAND FACES UGLY WEATHER

Little Prospect of Clearing After Damaging Eighty-Mile Hurricane

LONDON, May 31 (CP-Havas).—Mopping up damage caused shipping and other property by Monday's severe rain and eighty-mile gale, England today faced prospects of continued ugly weather.

The storm, which upset preparations for Thursday's annual Aldershot tattoo and forced the liner Queen Mary to forego a scheduled call at Plymouth, abated during the night, but more rain was predicted for today and tomorrow.

The sea remained rough, especially along the south coast, where most damage was done by the gale. At 3 p.m. yesterday the wind suddenly was whipped up in the region of Brighton and Worthing to eighty miles an hour, and a cloudburst flooded streets and coast roads. Minor damage was reported.

Coast guard craft rescued a fishing craft with a crew of six, off Newhaven, and the German yacht Westwind, out of Bremen.

# THREE DEAD IN MAINLAND FIRE

Three Others Reported Missing in Blaze in Tenement in Vancouver

VANCOUVER, May 31 (P).—Three children were burned to death when fire of unknown origin swept through an East End tenement building housing seven Japanese families here early today.

Mrs. K. Namba was taken to hospital with serious back injuries when she jumped from a second-story rear window and struck a fence.

The flames swept through the two-story frame building, located in the 200 Block, East Triumph Street. Many of the families living in the second floor found escape cut off through stairs to the first floor and leaped from windows.

# Cantonese Flee From Air Bombs

CANTON, May 31 (CP-Havas).—Thousands of panic-stricken Chinese fled this city of terror today to escape possible reappearance of Japanese airplanes which bombed Canton Monday for the third successive day to raise the death toll to 1,100.

At least 1,800 others were wounded. The skyriders carefully avoided the foreign settlement yesterday, but some anti-aircraft shrapnel fell close.

The attack by twenty Japanese bombers added to already staggering property damage.

# SEVEN SUDDEN DEATHS ON TORONTO'S TOLL

TORONTO, May 30 (P).—Warm weather and bright skies drew another army to Ontario's highways and resorts during the week-end, and as the tourist season gained momentum seven sudden deaths were added to the province's toll for the year. Four died by drowning and three as a result of motor accidents.

**SOOKIE CANADIAN LEGION**

SOOKIE, May 30.—The monthly meetings of the Sookie Branch of the Canadian Legion and its Women's Auxiliary will be held in the old Sookie Hall on Wednesday evening at 8 o'clock.

# SEVEN PLANES FIND NO TRACE OF ZEBALLOS-BOUND AIRCRAFT

Inlets and Bays Along West Coast Scoured for Machine Four Days Overdue at Mining Town—Lakes of Vancouver Island Examined For Four Missing Persons

JOSEPH GILBERTSON

FOURTH officer of the freighter Heathcote, who was arrested at Osaka and detained for three weeks because he was found with two snapshots which he innocently made in the Shimoneseki fortified area, came back to Canada yesterday aboard the Ss. Empress of Russia. He was released after paying a fine of thirty yen, about \$8.

# Nine Planes to Take Part in Carefully-Plotted Hunt Today

ZEBALLOS, B.C., May 30 (P).—Four search planes returned to this West Coast of Vancouver Island town tonight to report no trace of the Ginger Cootie Airways seaplane missing since Friday on a routine flight here from Vancouver. Two others returned to Vancouver for the night, and the seventh, V-148, of the United States coast guard, returned to Port Angeles.

# ALL CZECHS MUST TRAIN

Government Decrees Military Training—Henlein's Followers Poll Heavily

PRAHA, Czechoslovakia, May 30 (P).—Czechoslovakia tonight decreed some form of military or defense service for her entire population between the ages of six and sixty.

The war-born republic published three military training decrees with a series of new regulations based on the stringent defense training law enacted last year.

The move came shortly after the Prague Government made a conciliatory gesture toward Germany by limiting activities of Czechoslovak pilots in border regions.

**FOR ALL OVER SIX**

Compulsory military training was specified for all children over six with the exception of those who normally would be exempt from physical training.

Boys not attending school are required to devote seventy hours annually to military training until they are seventeen, and thereafter ninety hours annually until they enter military service.

Girls must devote forty hours annually to first aid and air defense training until the age of twenty-one, and thereafter thirty hours annually until the age of thirty.

Both men and women past thirty and under sixty were made liable

# FIND BODY OF KIDNAPPED BOY

Son of New York Lawyer, Abducted Three Months Ago, Is Slain

NEW ROCHELLE, N.Y., May 30 (P).—The possibility garroting might have been the primary cause of the death of kidnapped Peter Levine was suggested tonight by Dr. Amos O. Squire, Westchester County medical examiner.

The headless body of the twelve-year-old boy, bound in wire, the hands and feet also gone, was washed upon a shore of Long Island Sound late yesterday—three months and more from the day he disappeared.

**RANSOM NEVER PAID**

A ransom payment of \$60,000 had been demanded originally by his kidnappers. It finally was whittled down to \$30,000—a sum the father, Murray Levine, a New York City lawyer, stood ready to pay, as he waited for a "contact" that never came.

As the Levine family held brief, private funeral services, police and Federal agents meticulously went over geologic charts of Long Island Sound today and studied the record of tides and winds for several days after the date of Peter's disappearance—February 24.

**BODY DROPPED AT SEA**

They emerged from their study, said Police Detective George Reinberger, with but one agreed conclusion—that Peter's body had been dropped at sea, either from a rowboat or yacht.

A check of all bathhouses in this vicinity was begun at once.

As to suspects, said Reinberger, there was none.

# FLOODS IN IDAHO RECEDE SLIGHTLY

Two Thousand Men Work on Dikes to Protect Farms and Bonners Ferry

BONNERS FERRY, Idaho, May 30 (P).—Flood-threatened Bonners Ferry found relief today in a reported drop of two-tenths of a foot in the wild Kootenai River after a fifth dike's break raised the inundated acreage to an estimated 11,000.

A seven-inch drop was reported farther upstream as cooler weather continued to check the rapid melting of snow at the headwaters.

Memorial Day observance was forgotten as approximately 2,000 men labored to reinforce weakening dikes to protect farm lands and the town itself. A dozen homes in North Bonners Ferry were reported flooded after a minor dike broke.

# LATE NEWS BULLETINS

**EARTHQUAKE SHAKES SOUTHERN CALIFORNIA**

LOS ANGELES, May 31 (Tuesday) (P).—A sharp earthquake, lasting several seconds, jarred Southern California cities at 12:35 a.m. (P.S.T.) today. The rippling motion, likewise in character, was felt from the beach towns along the Pacific to the San Bernardino Mountains and beyond. No damage was immediately reported, but thousands of families were awakened.

**CAPTAIN OF LOST STEAMER DIES ASHORE**

SAN FRANCISCO, May 30 (P).—Captain George W. Yardley, fifty-eight, master of the Dollar liner President Hoover, which ran aground near Formosa, Japan, last year, and was declared a total loss, died at the Marine Hospital late today.

**WOULD BORROW ON WEALTH IF WAR COMES**

WASHINGTON, May 30 (P).—The United States Senate military affairs committee made public today a report approving legislation which would compel everyone having net wealth of \$1,000 or more, to lend money to the Government in war-time. Overriding objections raised by the War, Navy and Treasury Departments, the committee recommended the measure to the Senate.

**RUBBER WORKERS VOTE TO END STRIKE**

AKRON, O., May 30 (P).—Leaders of Goodyear Local of the United Rubber Workers announced tonight that nearly 2,000 union members voted, by a ratio of nine to one, to end the strike at Goodyear Tire & Rubber Company and return to work tomorrow. Allan Haywood, New York C.I.O. leader, addressed the union members and urged acceptance of the recommendations of the executive board. "Use your heads, rather than your emotions," he said.

**ITALIANS SUFFER CASUALTIES IN SPAIN**

ROME, May 30 (P).—The Italian Government tonight reported a total of 9,541 casualties among the Italian expeditionary force aiding Insurgent Generalissimo Francisco Franco in the Spanish civil war since the conflict started. Of the total, 2,023 were killed and the others wounded, captured or reported missing.

## Audience Applauds Interesting Plays At Drama Festival

His Honor the Lieutenant-Governor and Mrs. Hamber Present at Opening Performance—Four Plays Given—Adjudicator Praises Players

"This is a sample of what the British Columbia Drama Festival is going to be, I'm afraid I'm sorry it will only last for a week," commented Larrae A. Haydon, executive and director of the school of the theatre for the Portland Civic Theatre, who is here as adjudicator for the seventh annual British Columbia Drama Festival which was opened last night at the Shrine Auditorium.

His Honor the Lieutenant-Governor and Mrs. E. W. Hamber were distinguished guests at last night's session. Major L. Bullock-Webster, president of the organization, paid a tribute to the interest shown by His Honor in the drama movement in this province.

**FOUR PLAYS**  
Four plays were presented as follows: "The Giant Killer" (drama), by the Progressive Arts Players, author unknown, directed by Christopher Frere, in which the cast was as follows: John Fife, played by Fred Goodman; Margot, Elsie A. Matheson; Gordon, Ral Ferry; Isabel, May White; Jean Murray, Phyllis Norris, and Christy, Edna Fuller.

"Irish Honeycomb" (comedy), by Reby Edmond, was directed by Stewart Clark, with the following cast: Kitty Mickle, an Irish woman, Elizabeth Smith; Ann Barrow, an American reporter, Isabelle Benson; Charley Martin, a Canadian reporter, Harry Eke; Sheila, Phyllis, an American journalist, known to the public as Ethne Corrance, Reby Edmond, and Barry Flavin, an Irish novelist, Dan MacDonald. This was the Curtain Club's entry.

The Punch and Judy Theatre's entry was "A Canadian Scene" (drama) by John McLaren, who was also the director. Those taking part were Jane, Sylvia Welsh; Inez, Edith Cole; Raymond, Velma McLorie, and Rod, John McLaren.

The fourth play was by the Victoria Little Theatre Association, "Men Are Missing" (comedy), by Michael Rayne, directed by Arthur Long and H. J. S. Reynolds. The cast was as follows: Phyllis, the maid, Jean Hickman; Lady Nora, Peggy Babington; Marie Howard, Ida Landale; Mrs. Obedeston, the vicar's wife, Jacqueline Fraser; Mrs. Granville Doherty, Minnie McCurdy; Miss Preadworthy, Grace Tuckey; Madame Selenik, Joyce Smith; Mrs. Barry-Delamane, Betty Symonds; Hilary Nield, actress, Dallas Homer Dixon; first stranger, Edith Gibson, and second stranger, Mary Hickman.

### Railway's Executive Visitor to City

C. E. STOCKDILL

ASSISTANT to the vice-president of Western lines, Canadian Pacific Railway, who, with Mrs. Stockdill, arrived in Victoria from Vancouver yesterday. Mr. Stockdill, whose headquarters are in Winnipeg, will spend about a week visiting Victoria and up-Island centres. C. A. Cotterell, assistant general manager of the Canadian Pacific Railway at Vancouver, also arrived in the city yesterday on routine business.

## FLORIDA CHILD IS KIDNAPPED

Boy Taken From Bed Saturday Is Held for Ten Thousand Ransom

MIAMI, Fla., May 31 (P).—Authorities disclosed early today that five-and-one-half-year-old James Bailey Cash, Jr., had been kidnapped from his bed at Princeton, twenty-five miles south of Miami, and two ransom notes were left behind demanding \$10,000 for his return.

The Federal Bureau of Investigation said the pajama-clad boy was taken from his bed on Saturday night. They said the father, a grocery store and filling station operator, was on a twenty-five-mile ride which started early today in an effort to deliver the ransom.

### FINDS SECOND MESSAGE

One note left by the abductors told the father to go to the home of his brother, who also lives in Princeton. There the message demanded the money was found on an outside door.

The abductors threatened to kill the child if police were notified. Entrance to the Cash home was effected by slitting a screen and unlatching the back door.

The Federal men said the case had been held secret until the father went to meet those who took his child.

## ISLAND PIONEER PASSES IN CITY

Matthew Lynn, Who Followed the Klondike Gold Rush, Dies in Seventy-Third Year

Pioneer settler on Vancouver Island, and a resident of Victoria for the past nineteen years, Matthew Lynn, 728 Lee Avenue, passed away at his home yesterday morning, in his seventy-third year. The funeral will take place from McCall Bros' Funeral Home tomorrow afternoon at 2 o'clock. Rev. J. E. Bell will conduct the service, after which interment will be in Royal Oak Burial Park.

Mr. Lynn was one of the pioneer miners who followed the gold rush to the Klondike in 1898. He was born in Saltcoats, Scotland, and came to Canada forty-four years ago, settling on Vancouver Island a year later. He lived first at Wellington, and later at Extension and Ladysmith, whence he joined the Klondike rush.

Mr. Lynn returned to Ladysmith in 1899, but went back to the Klondike in 1905 and again in 1910. During the Great War he worked in the explosives factory on James Island, and came to live in Victoria at the end of 1918.

He leaves his wife, two brothers in Scotland, and two sisters, one in Scotland and the other in the United States.

The deceased was a member of Harmony Lodge No. 6, I.O.O.F., in Ladysmith, and members of the order will take part in the funeral service tomorrow.

## SIR MAURICE HANKEY CHANGING HIS POST

LONDON, May 30 (P).—Sir Maurice Hankey, the man who knows more state secrets than any other, is retiring from his posts as secretary to the Cabinet and to the Committee of Imperial Defence.

It was officially announced today that Sir Maurice will relinquish these posts to become a director of the Suez Canal on August 1 in succession to the late Sir J. T. Davies.

## City Seeks Position Of B.C. Electric in Regard to Car Lines

Council Wants Statement in Writing Whether Company Intends to Abandon System and If It Is Interested in Bus Service

IN adopting a suggestion of Mayor Andrew McGavin at a meeting last night, the City Council decided to ask the B.C. Electric Railway Company, Ltd., to outline its position in regard to the street railway system.

A letter from the Mayor to the council stated: "I beg to recommend that the B.C. Electric be asked to outline its position in writing in so far as the street railway system is concerned, and to state definitely whether or not the company intends to abandon the system on expiration of the present franchise, and whether the company has any intention of submitting an offer for the operation of a bus service in the city."

"I am of the opinion that if it is the intention of the City Council to negotiate with any other persons for a transportation service in the city, we should have written knowledge of the B.C. Electric," the letter concluded.

On motion of Alderman John A. Worthington, the city clerk was asked to write to W. A. McAdam, acting Agent-General for British Columbia at London, and urge him to approach the Imperial Government with a view to the acquisition by the Government of the grain elevator at Ogden Point, by lease or purchase, for the handling and storage of grain shipments.

**SEEK QUIT-CLAIM**  
Mayor McGavin was requested to telegraph the Minister of Transport at Ottawa to secure his consent to a quit-claim deed between the city and the Panama Pacific Grain Terminals, Ltd., for the grain elevator.

Lands committee sales ratified by the council included property on Simcoe Street for \$400; Port and Ash Streets, \$650; Hereward Road, \$50; Dallas Road, \$400; McClure and Rupert Streets, \$300, and Rupert Street, \$350. The council approved action of the zoning board of appeal in allowing the owners of property at 119 Howe Street six months in which to carry out improvements.

On the recommendation of the finance committee, H. S. Pringle, city solicitor, was granted four weeks' leave with pay as from July 1. Permission was granted W. T. Straith, M.P.P., to address the council on matters concerning property adjoining the public library. The committee successfully moved that the exchange of 4 and 4 1/2 per cent city debentures, and others bearing a British Government revenue stamp, would be made at the Bank of Montreal in London, England. All other debentures will be exchanged by the bank here.

**NO SUMMER HOURS**  
When Mayor McGavin stated he was definitely not in favor of Summer hours for the City Hall staff, the council, by a majority vote, decided to make no change.

A finance committee suggestion to grant the school board \$150 in aid of the annual school sports was adopted.

Authority was given the city engineer to clean out portions of Bowker Creek, flush coat several pavements and extend a sewer on Rupert Street.

Aldermen James Adam and B. J. Gadsden announced they intended to approach the Provincial Government to seek finances for a series of Summer military retreats in Parliament Square.

On motion of Alderman S. H. Okell, the Victoria West Brotherhood was commended for its interest and work in the district. The engineer was asked to supply the organization with road oil to improve a clinder path.

**TO INSPECT BRIGADE**  
Mayor McGavin expressed his willingness to inspect the uniformed St. John Ambulance Brigade during the annual church parade at Christ Church Cathedral on the morning of June 26.

A suggestion of Rt. Rev. H. E. Sexton, Bishop of Columbia, that the council provide a free piece of property in James Bay for the construction of a Sunday school building, was referred to the lands committee for investigation and a report.

On motion of Alderman Archie Willis, a letter of commendation was ordered dispatched to the Victoria Beaux-Arts team, Mrs. E. W. Hetherington and others for winning the Bessborough Trophy at Winnipeg.

A letter from Coles, Howell & Co., Ltd., suggesting action in securing property for an airport at Gordon Head, was referred to the business and trade development committee.

In reporting on a recent visit to the Port Townsend Rhododendron Festival, Aldermen W. H. Davies, Alex Peden and Gadsden recommended that the City Council press for Summer excursions to Port Townsend, Everett, Bremerton and Tacoma.

The parks superintendent reported that the cost of a boulevard on both sides of Quadra Street, from Hillside Avenue to Pandora Avenue, would be over \$500, exclusive of water connections. No action was taken.

council decided to meet the Provincial Cabinet at the earliest possible moment to actively protest against the additional relief burden imposed on the city through the re-classification of many relief recipients as unemployed and a direct charge on the municipality.

Ald. Okell quoted figures to prove that city's share of relief was 6.6 per cent of the total cost in January, and 51.5 per cent of the total cost in April. The council agreed with him that immediate action must be taken, since the cost of relief to the city was rapidly reaching a figure beyond the ability of the city to meet.

During a brief ceremony in the council chamber, J. McI. Muirhead, retired accountant in the city comptroller's department, was presented by the mayor with an engraved gold watch and chain. It bore the inscription: "To J. McI. Muirhead, from the Corporation of the City of Victoria." An address signed by the mayor and aldermen accompanied the gift.

Mr. Muirhead, who served the city for twenty-nine years, expressed his surprise and delight at the gift. He stated he would always hold the Mayor and council high in esteem.

**PRINCE GEORGE, May 30 (P).—**Forest department officials here announced today that heavy rains yesterday had "put an end to the danger of forest fires that have been raging for a week east of here."

**MAY WIDEN STREET**  
A letter from the city assessor stated that fourteen feet of property at 1425 Fort Street would be required for the future widening of the street. An offer to purchase the city's interest in the lot for \$364, plus accrued interest, was referred to the lands committee for a report.

On behalf of the relief committee, Alderman Okell gave a detailed report of the placement of forty-three indigent patients formerly housed in the Jubilee Hospital annex. Alderman Gadsden was asked to attend the Sixth Canadian Conference of Social Work at Vancouver from June 21 to 23, in place of Alderman Okell.

The relief committee was authorized to inform the directors of the Jubilee Hospital that after June 30 the city would be responsible only to the extent of 70 cents per day per patient for any city cases cared for there.

A resolution protesting the method of classifying men as unemployed, and asserting it was unfair both to the unemployed and the city, was passed after lengthy debate on the rising cost of the relief burden. The resolution will be forwarded to Provincial Government officials and the four Victoria Members of Parliament.

On motion of Alderman Adam, Mayor McGavin and the entire

**"DRIVE THIS GREAT CAR" FOR FLASHING PERFORMANCE WITH RECORD ECONOMY—CHOOSE**

# Plymouth

**POWER AT LOW COST**  
Plymouth's big, 82-horsepower, "L-head" engine gives FULL power, flashing performance AND remarkable savings on gas, oil, tires and upkeep.

**AMAZING NEW RIDE**  
1938 Plymouth's new ride is the sensation of the lowest-price field. You feel instantly a delightful ease of handling. Steering is quick, sure, responsive. The car feels alive in your hands.

**MORE SAFETY**  
Plymouth is famous for its Chrysler Equal-Pressure Hydraulic brakes... safety all-steel body... rigid X-braced frame... new safety-styled interior and many other Chrysler Engineering features.

**MOST FOR LOW PRICE**... that's the big 1938 Plymouth. And it's making news everywhere because it's just the kind of value people want!

Plymouth's new ride is a thrilling experience. Big, airplane-type shock-absorbers smooth out bumps and jolts. New "live" rubber body mountings absorb road vibration. New sound-proofing gives you a quiet, "hushed" ride.

More remarkable still—Plymouth has many features most manufacturers use only on their higher priced lines, such as 4-rung pistons, full-pressure lubrication, and exhaust valve seat inserts that save on gas and oil. A Hydopid rear axle, chain-driven camshaft and X-braced frame are other Plymouth long-life features.

And, for your protection, this big, new Plymouth offers smooth, equal-pressure hydraulic brakes... an all-steel body... a new Safety-Styled interior.

## NEW SECTION IS ADDED AT FAIR

**Modeled Knitted Suit or Dress Class to Be Introduced at Exhibition**

A new section has been added to the women's department of the annual Fall Fair to be held at the Willows from September 10 to 17, inclusive. It was announced yesterday by W. H. Mearns, secretary of the B.C. Agricultural Association. Early announcement of this section is made so that exhibitors may have their work ready for the fair. The new class is being sponsored by David Spencer, Ltd., and the

Hudson's Bay Co., which firms are offering special prizes for the event. The section is for a modeled knitted suit or dress, and judging will take place in the women's building on Thursday, September 15, at 8 p.m. Under the direction of Mrs. J. G. Simpson a fine women's department is assured this year. No less than 294 first, second and third prizes are offered, and the prize money in this department will amount to \$215. The various sections comprise the following classes: Collections of women's work, modeled knitted suit or dress, household linen, knitting and crochet in silk or cotton, hand-spun goods with British Columbia wool, weaving, basketry, arts and crafts, plain needlework, thrift class, quilts and rugs, and work for ladies over seventy years of age.

Q—What is an osteopath?  
A—One who works on the bones.

## "TAKE A FELLOW LIKE MYSELF"

"I run a service station—get a decent living income and have a wife and two kids. The kind of life insurance that will support my family always seemed beyond my reach. But this Life Preferred Policy guarantees them \$50 a month for 10 years if anything should happen to me. And if I live to age 65—and I sure hope I do—I'll get a regular income for the rest of my life. And besides that, I get dividends annually, for this is a profit-sharing plan."

If you are in good health and can afford 25 cents a day, you can provide this protection for your family.

(Example at 30 years of age.)

## Many Inspect Philatelic Collections

—Photograph by Associated Screen News.

Interesting and valuable collections displayed by members of the Federated Stamp Clubs of the Northwest at the annual Pacific International Philatelic Exhibition, held in the Empress Hotel, were inspected by large crowds on Saturday afternoon, Sunday and yesterday. The above picture, showing a portion of the display of frames in the hotel ballroom, was taken shortly after the official opening of the exhibition by Lieut.-General Sir Percy Lake, K.C.B., K.C.M.G., on Saturday afternoon.

## STAMP DISPLAY IS CONCLUDED

**Philatelists' Three-Day Exhibition and Convention Closes in Victoria**

The three-day Pacific International Philatelic Exhibition and convention of the Northwest Federation of Stamp Clubs, held for the first time in Victoria, was concluded in the Empress Hotel yesterday afternoon.

An interesting programme for delegates to the convention and visitors to the exhibition was arranged for Sunday. In the morning the philatelic congress was continued, at the commencement of which Miss Gwladys Bowen, Portland, gave an address entitled "A Discussion of the Stories and Rumors About the United States Twenty-Four Cent Airmail Invert." "Early Postal History" was the subject of an address by G. Wellburn, Duncan, and O. Floyd Vinson, Seattle, spoke on the changing of stamp collections.

**VISIT TO "BENVENUTO"**  
Following a conducted tour of the exhibits in the Empress Hotel ballroom and library on Sunday afternoon, about sixty visitors were taken on sight-seeing trips around Victoria and district, and met at "Benvenuto," where they were the guests of Mrs. R. P. Butchart at afternoon tea.

R. M. Angus, Victoria, retiring president of the federation, presided at the banquet held in the evening, and gave an address of welcome to the guests. This was responded to by Dr. C. T. Jones, for Western Washington; Dr. K. D. Kohler, Eastern Washington; Arthur D. Leach, Oregon, and Captain C. B. Binks, British Columbia.

During the banquet, Henry H. Hitt, F.R.P.S.L., distributed the awards made by the judges of the exhibition, and Hubert Lethaby, chairman of the exhibition committee, gave a report on the organization of the convention and exhibition.

**TOKEN OF ESTEEM**  
Appreciation was expressed of the hospitality shown to the visitors by Mr. and Mrs. Butchart. Special reference was made to the great assistance given by J. K. Hodges, manager of the Empress Hotel, and on behalf of the Vancouver Island Philatelic Society, Mr. Hodges was presented with a handsome stamp album, specially made in London.

The philatelic congress was concluded yesterday morning, when G. Wellburn gave an address on "Vancouver Island and British Columbia Stamps," and a paper by Malcolm Nicholson, Vancouver, on the question "Are We Doing Our Duty to the Next Generation of Collectors?" was read. A round-table luncheon was held at 12:30 p.m. and later the film "The King's Stamps" was again screened.

The popular ballot on the best exhibit in the display, irrespective of the judges' decision, was won by Mr. Wellburn, who was awarded a silver City of Victoria medal for his collection of stamps of Great Britain. A competition for donated pages of stamps to a total value of \$125 was won by Mr. Morton, Vancouver.

## CLODBURST FATAL TO KENTUCKY FAMILY

**MANCHESTER, Ky., May 30 (P).**—A cloudburst early today destroyed the cabin of Robert Thompson, negro miner, killing three of his children.

His wife and two other children were missing. Search for them was abandoned until Goose Creek, reported at flood stage, recedes. Earlier reports said eight members of the Thompson family drowned. Thompson and a son were reported to have escaped.

## TO RENEW LOAN

**OTTAWA, May 30 (P).**—Hon. Charles Dunning, Minister of Finance, tabled an order in council in the Commons today renewing for one year a \$935,000 loan to British Columbia. The loan was scheduled to mature June 22. The renewal was made under the Unemployment and Agriculture Assistance Act, 1938.

## Obituary

**GRIVEL**—After a short illness, at the Royal Jubilee Hospital, there passed away on Saturday Mrs. Phyllis Gwendolyn Grivel, aged twenty-three years. Mrs. Grivel was born in this city and leaves in sorrow her husband, George Arthur Grivel, at the family residence, 1485 Finlayson Street; her parents, Mr. and Mrs. Cecil Rhodes; three brothers, Cecil, Arthur and Fred; also three sisters, Irene, Kathleen and Mrs. W. Campbell. Funeral services will be held this afternoon at 1:30 o'clock in the S. J. Curry & Son Funeral Home. Rev. P. C. Hayman will officiate and interment will be made in the Colwood Burial Park.

**RUSSELL**—There passed away on Sunday, at the family residence, Daisy Avenue, Saanich, Mrs. Louisa Sophia Maude Russell. Mrs. Russell, who was seventy-two years of age, was born at Le Carrow, County Roscommon, Ireland, and moved to this city twelve years ago from Kamloops. She is survived by her husband, Cecil Russell, at the family residence; one sister, also a niece and nephew residing in England, and one niece in Vancouver. Funeral services will be held Thursday afternoon at 2 o'clock, in the S. J. Curry & Son Funeral Home. Rev. Robert Connell will officiate and interment will be in the Royal Oak Burial Park.

**WOOD**—After a lengthy illness, there passed away yesterday at the home of her sister, 220 Moss Street, Miss Edna Ann Wood. Miss Wood, who was forty-nine years of age, was born at Whitechurch, Huron County, Ontario, and moved to this city nineteen years ago from Vancouver, B.C. She is survived by her sister, Mrs. J. Dennstedt, Moss Street, also two nieces and two nephews, residing in this city. Funeral services will be held Wednesday afternoon at 3:30 o'clock in the S. J. Curry & Son Funeral Home. Interment will be made in the Royal Oak Burial Park.

**MOLIN**—Francis Oscar Molin, aged sixty-seven, was found dead in the kitchen of his home at 541 Hillside Avenue yesterday morning. He had been alone for three weeks, his wife being absent in Vancouver, and is believed to have succumbed to a heart attack. Born in Sweden, he had lived in Victoria for the last thirty years. He is survived by his wife; two sons, Henning, in Victoria, and Oscar, in Oakland; and two daughters, Mrs. G. Holmberg, in California, and Mrs. A. Nelson, at Aldergrove, B.C. Rev. Edwin Bracher will conduct the funeral service at McCall Bros' Funeral Home at 3:30 o'clock Wednesday afternoon. Burial will be at Royal Oak.

**TOMS**—George (Joe) Paxton Toms, Cordova Bay, died in St. Joseph's Hospital, Sunday, aged fifty-three years. Third son of the late Mr. and Mrs. H. L. Toms, he was born in England. He is survived by his wife; a daughter, Mrs. D. McCall, and a son, Lawrence, Victoria; a son, George, in Port Alberni; four brothers, Harold and Sidney, in Port Alberni and Frederick and Frank, in Victoria; and three sisters, Mrs. Mannix and the Misses Blanche and Winnifred Toms, Victoria. The funeral will be held from McCall Bros' Funeral Home this afternoon at 2 o'clock, with Rev. O. L. Jull officiating. Burial will be in the family plot at Ross Bay Cemetery.

**DILLEY**—Funeral services were held on Monday afternoon in Holy Trinity Church, Sooke, for William Henry Dilley. Rev. H. M. Bolton officiated. The hymn "Abide With Me" was sung. The Sooke Branch, Canadian Legion, No. 54, attended in a body, and interment was made in Sasseness Cemetery, with the following as pallbearers: A. F. Brownsey, G. Jones, L. Shields, P. Taylor, H. Wabhuus and T. Blight.

**NIELSEN**—The funeral of Mrs. Bertha Andrea Nielsen will be held at 3 o'clock this afternoon from the parlors of the S. J. Curry & Son Funeral Home. Rev. Edwin Bracher will conduct the service, after which interment will be made in the family plot at Ross Bay Cemetery.

**LEWIS**—Many sorrowing friends attended the funeral of Mrs. Helen M. Y. Lewis held yesterday afternoon from St. Mary's Church, Oak Bay. Rev. H. St. J. Payne conducted

## Members of Crew Of Survey Vessel Surveyor Lost

**ABOARD COAST AND GEODETIC SURVEY VESSEL DISCOVERED, MAY 30 (P).**—Two crew members of the United States Coast and Geodetic Survey vessel Surveyor, Karl Mueller, coxswain, Kodiak, Alaska, and Maurice Rudisell,

twenty-eight-year-old fireman, Seattle, drowned Saturday night at the entrance to Nikolai on the inner harbor of Unimak Island in the Aleutians, the Surveyor reported today.

The two were in a party of eight using the ship's power dory to tow ashore another dory, which had broken down. Poor visibility confused the party and in searching for the entrance to the reef the boats were hurled ashore in the heavy surf.

## WAKE UP LIKE A CAVE MAN

Feel Full of Life—No More Tired, Dull, Heavy Mornings

Keep your liver healthy and you'll feel great every morning. When you wake up feeling "rotten" your liver is out of order. Your liver cleans the blood of poisons, separates the nourishing part of your food from the waste. Supplies energy to muscles, stimulates glands—gives out bile, the body's laxative, helps stomach, kidneys and intestines to work properly. A mere bowel movement isn't enough. "Fruit-a-tives" made from fruits and herbs, will strengthen and build up your liver like nothing else will. You'll be amazed how well you are every morning. Try Fruit-a-tives. All druggists.

## FRUIT-A-TIVES LIVER TABLETS

**CROP PROSPECTS**

As the days roll by the crop outlook in the Prairie Provinces becomes increasingly favorable. Soil and sub-soil moisture conditions are considered to be the best in ten years. Wheat seeding was practically completed last week and seeding of coarse grains will be completed within a week or ten days. Late sowing of crops caused by heavy spring rainfalls has given no cause for apprehension, as experience has shown that in every year of good crops the seeding has been done comparatively late in the spring. This year there has been no heavy evaporation of moisture and a few days of hot weather will bring rapid growth, greatly reducing the danger of soil drifting.

Optimism is reported to be general among Prairie grain growers. A spell of hot weather brings out the grasshoppers, and in some sections there is a possibility that these insects may be damaging to the crop. Experience in recent years has taught the growers that they can do much to reduce the grasshopper hazard, and they have no intention of being caught napping. There are other dangers to be faced such as plant disease, frost, hail or prolonged drought during the growing season, but while these may dim the prospects of a bumper crop there is little likelihood now of a heartbreaking attack from the forces of Nature that would reduce the yield to the low averages of the past several years.

While the optimistic farmer is looking forward with confidence he is wondering what prices his crop will bring. He sees a vastly improved economic outlook for the nation as a whole through the trade which will result in the event of a good crop, and he hopes for prices that will improve his own economic position. To what extent his hopes will be realized, time only will tell, but there are a number of factors which indicate that the disastrous prices of five and six years ago will not prevail when this year's crop goes to the elevators. Chief of these is the fact that only 36,000,000 bushels of Canadian wheat remain in storage, against ten times that amount several years ago. Stores will have to be increased by three times the present amount before the point of normal carry-over is reached. Elsewhere on the wheat map the outlook is for a large crop in the United States and good crops in the Argentine and Australia. Belated rains have improved prospects in Europe with a better-than-average crop now forecast. Against this the International Institute of Agriculture at Rome, an authoritative source of information, expects the United Kingdom, Germany, Belgium, The Netherlands, the Scandinavian countries, Switzerland, Greece and France to import their usual, or larger amounts of wheat. Crops in Northern Italy, Southern France and Portugal are reported to be poor.

**SINGLE UNEMPLOYED**

It is time that the authorities—Federal, Provincial and municipal—reached some agreement affecting the single men who are unemployed. Once having established the precedent that these men are entitled to relief, the obligation continues until such time as they are absorbed into the industrial life of the community. The situation that has developed in Vancouver is a most unhappy one, and one tending to make authority ridiculous inasmuch as it gives an exhibition of supineness in the face of the demonstration of this element of the unemployed.

When the Dominion Government, which had assumed responsibility for the unemployed single men, reversed its policy the onus fell fairly and squarely on the Provincial Government. Strictly speaking, according to the delimitation of rights and responsibilities under Confederation, unemployment is a provincial, not a Federal responsibility. It may be that there is no actual obligation on the Province or on anyone else to give relief; it is, however, a matter of humanitarianism, one observed in the past and one which may now be regarded as a prescriptive right, namely, that no one should be allowed to go destitute of the necessities of life.

Mr. T. D. Pattullo, the Provincial Premier, is in Eastern Canada. His main preoccupation, in the light of what is taking place, should be to make a permanent arrangement with the Federal authorities respecting the unemployed single men. If such an arrangement cannot be made, then the responsibility for their care rests on the shoulders of the Provincial administration, perhaps in co-operation with the municipalities where such unemployed are located. It will not help in the solution of the problem if those unemployed who come to British Columbia from other Provinces are told they must return from whence they came. Those Provinces have made it clear that they will not provide the necessary relief, and the claimants to that relief are here and determined to remain. There is a bankruptcy in administration that allows a problem like this to exist, and especially in this Province where a political party was elected to power on the promise of work and wages.

**SUICIDE A CRIME**

An interesting judicial decision has been given by the House of Lords which is of importance to those engaged in the business of life insurance. It arose through the suicide of Major Charles William St. John Rowlandson, and was to the effect that the administratrix was not entitled to recover under policies of insurance. The policy was for \$250,000. Major Rowlandson had got into financial difficulties. He was unable to pay the premium due in June, 1934, and was given an extension of time, which finally expired at 3 p.m. on August 3. At three minutes to 3 o'clock on that day Major Rowlandson shot himself. He owed \$340,000, and if money could have been recovered under the policy it would have been used towards the payment of his debts.

The decision of the House of Lords was that

the contract was not enforceable on the ground of public policy, because suicide is a crime. In effect, a criminal cannot benefit, in the eyes of the law, from the fruits of his crime, and his personal representative similarly cannot benefit. In the insurance policy in question there was a condition that it would be void if the insured committed suicide, whether sane or insane, within a year of its being taken out. There was no stipulation about suicide after that year.

Commenting on the judicial decision, The London Times says: "The day has happily long gone by when persons who committed suicide were buried at cross-roads and their goods forfeited; but suicide is still a crime, and such a case as the present could not be decided by any question of sympathy but only by the application of the law as it stands. The contract, in the words of Lord Atkin, promised the assured that 'if he, in full possession of his senses, intentionally killed himself, they (the company) would pay his executors or assigns the sum assured,' but the doctrine of public policy prevented this undertaking from being fulfilled. A person cannot himself enjoy the fruits of his crime, nor will the law allow his personal representative to recover a benefit which only takes shape after the death. But the principle will not bar an assignee for value before the suicide from enforcing to the extent of his interest a policy containing an express promise to pay on the same suicide of an assured. The administration of the law is not the reformation of the law, whatever sympathy may be felt for those whom despair has driven to take their lives."

**ULTRA VIRES**

In Alberta the Appeal Court has reaffirmed the decision of the lower courts to the effect that the legislation, fathered by the Provincial Government reducing interest rates on bonds guaranteed by the Province is ultra vires. The decision refers to the Provincial Guaranteed Interest Securities Act of 1937. There is an appeal pending respecting the legislation reducing interest rates on all provincial bonds. The basis of the judgment of the Appeal Court is that the British North America Act reserves "interest" for the exclusive jurisdiction of the Federal Parliament.

Four of the five judges on the Alberta Appeal Court reached the conclusion that the Legislature could not make the Provincial Guaranteed Interest Securities Act valid by barring civil actions. One of them, Mr. Justice McGillivray, saw in this attempt "a somewhat frank defiance of the legislative limitations of Provincial Legislatures as fixed and determined at the time of Confederation."

It would appear from this judgment that the judicial opinion in Alberta is that any regulatory procedure affecting guaranteed interest rates is a matter that comes within Federal legislation. Obviously this is a necessary safeguard because it is a matter affecting the credit of the country as a whole. The course of much of the legislation in Alberta, and in some other Provinces, has been to give a bad impression to outside investors regarding the bona fides of investments in this country. If Provincial Legislatures or municipal councils can tinker with these, it is certain that the flow of capital for governmental purposes will receive a definite check.

Once a man's home was his castle. Now, with the intermeddling of governments, its sanctity is invaded, and it is even proposed, in legislation already devised, that homes may be entered, without warrants, to enforce collection of rate licence fees. It is not now, as in the days of Pitt, when "the poorest man may in his cottage bid defiance to all the forces of the Crown. It may be frail; its roof may shake; the wind may blow through it; the storms may enter—but the King of England cannot enter; all his forces dare not cross the threshold of the ruined tenement."

British hotelmen who have been touring the United States say that the prices charged on dining cars of the railway companies are "outrageous." They would say the same thing if they traveled in Canada. These charges have their effect in reducing travel, which is a condition not good for the railways.

**Note and Comment**  
By Sandham Graves

Didn't I tell you that Scots have a way with them? Where you or I might weakly say, "cat, cat," here is how the bard of the Victoria Burns Club, Mr. Hastie Cochrane, puts it:

**TO A DOMESTIC CAT**

"Ye snootin', sleekie, traichorous besom  
Ye're sibbie stripes, the teeggers cussen  
Ye spawn o' wrath, spittin' an' fasin'  
Ye thieve and plun'er,  
Wi' wuddrum kittlins by the dissen,  
Nimble livers; nae wunner,  
Ye've nine pinks fey."

"Ye lingit jidd, ye're devil's e'en  
Are ahripit, jae a pussedreen  
Ye hae the girmin' wull-cat's meen  
Torture and rye  
Ye'd rin ye' himmales rig-yestreen  
And that belyve,  
Had I my way."

**W. HASTIE COCHRANE**

Only that was a striped cat, the tiger's cousin, with eyes sharpened to a poisoned point, and with all of its nine chances, doomed. Between the two of us, we will take away the last shred of character left to a cat. That would be a pity, because a cat is a very handsome animal; and, as you know, the handsome animal, the more it stands in need of a good reputation.

When one understands that single unemployed men making a commotion in Vancouver came to this province within the last twelve months from their homes in other provinces; and that the Provincial Government is offering to return them not only to the provinces of origin, but to their homes in those provinces, one wonders at some of the representations being made by Mainland and other organizations. Less than one year ago Vancouver was sending special delegations to Victoria to ask that transients flocking into that city on all west-bound trains be disarmed, as there was no work there for them. For eight years now, the massing of the problem of relief has prevented its solution. Here, then, is an agitation to keep men in a place where there is no work for them; and to dissuade them from returning to the very communities in which they are known and might have some opportunity of finding employment, their home towns. Nor is the suggestion of seven C.C.F. Members of the Legislature for the calling a special session any more understandable. A special session of the Legislature costs \$136,000, and while it would put \$2,000 in the pockets of every member of the House, it would contribute little to a solution of the problem. The Provincial Government on their part explain that they are following precisely the arrangements made last year at the same time, and which worked then in the best interests of the men themselves.

Domestic reports disclose that so many men came West last year, that, after 42,000 farm vacancies had been filled, there was a shortage of men in the Prairie Provinces. In the face of all that, some of the statements being made about the relief situation in Vancouver are more than a little hard to understand. Just because British Columbia relief rolls have dropped from 128,000 individuals in March, 1933, to 57,000 individuals in April, 1938, does not mean that this province has solved its relief problem. The plain, bare fact is that British Columbia industries have absorbed more men than at any other period since 1929, and, with disturbed market conditions abroad, cannot take many more. Meanwhile, the next genuine opening for labor will be in the harvesting of the grain crop on the Prairies. Nor would a dozen sessions of the Legislature alter those facts.

Perhaps now is not the right time to insist upon it, but nevertheless it is becoming increasingly clear that flying on the Pacific Coast will require elementary aids to air navigation; in precisely the same way as steamboat navigation was helped in the early days. Before lighthouses, buoys, fog alarms and other facilities were available on this coast, vessels used to pile up regularly on a lee shore; with half a dozen points each known in marine history as "The Graveyard of the Pacific." Then more lighthouses were built, more buoys put down, more foghorns constructed, and radio beacons installed, until the Pacific Coast today is among the best protected of all waters. Precisely the same development must be followed, sooner or later, in the air. If sooner, fewer preventable accidents will take place; and the faster will flying reach its full stature as a safe and convenient means of fast travel. Everyone will agree that the route of the Trans-Canada Airway in

British Columbia should be first marked out. That has been done. Those of us who live on Vancouver Island would like to see a Mainland-Island link put in soon, after which would come the linking of coasts, and the spotting of danger elevations on the surface of the ground. Naturally, it will all take time; but that is the more reason why a start should be made with air navigational aids in general, having about completed those of the main airway across Canada. Visual and wireless beacons, weather stations, and radio-ranges are the navigational aids of the air. Together, they form the ground-rails of flying.

**Oregon Tribute**

Victoria's claim to rank among the most beautiful cities of the world apparently receives recognition in the ambitious city of Eugene, Oregon. In an editorial, The Eugene Register-Guard, referring to the visit of the Victoria Arion Club last week, says: "If there is any city in the Northwest of which Eugene might be a little envious, it is the beautiful capital of British Columbia. They have made it world-famous for its beauty. Not long ago, Eugene adopted the ambition to be 'the best-kept city on the Pacific Coast,' but it requires only a visit to Victoria to realize how far we have to go."—R.M.

**Big Licence Plates**

Victorians were amused—and the police probably envious—a licence plate displayed on an auto from Mexico, which has been seen about the downtown streets recently. The plates bear a strong resemblance to miniature signboards, having about twice the dimensions of our own licences, and being visible from about three blocks away.—W.I.F.

**FIFTY YEARS AGO TODAY**

(From The Daily Colonist of May 31, 1888.)

Contract for Dike Awarded—The contract for the construction of the Matsqui dike has been awarded to Mr. C. A. Knefer, the figures being in the neighborhood of \$30,000. Work will be commenced as soon as the high water subsides and operations will be actively pursued until the dike is completed. When this is accomplished a large tract of the finest land in the province will be reclaimed from the overflow of the Fraser River and brought under cultivation.

Mrs. Catherine Lovett Dies—Mrs. Catherine Lovett, relict of the late Joseph Lovett, died yesterday morning at her residence, Blanshard Street, after a lingering illness. She had been unconscious for two days previous to her demise, and her death was not unexpected. The deceased was a native of Montgomery, Alabama, and was sixty-five years of age. She came to Victoria with her late husband in 1860 and has resided in the city continuously ever since. The funeral will take place on Friday afternoon at 2 o'clock.

Trial of Patent Tapping Machine—The city water works committee yesterday afternoon made a trial of a patent tapping machine for tapping the mains under pressure. The experiment was made on a twelve-inch main on Douglas Street and the machine worked to perfection. The advantage of such a machine will be readily understood when it is mentioned that it will do away with the nuisance of turning off the water every time a new service has to be made.

**The Observation Car**  
By THE EDITORIAL STAFF

Glancing Over Sport  
With the Brooklyn Dodgers down near the cellar position the owners have started to throw the axe into the machinery. Coach Andy High has been released and rumors have it that Manager Grimes may be supplanted any day now. Babe Ruth has been mentioned as the Dodgers' next manager in many quarters. . . . If Barney Ross stows away Henry Armstrong tonight in the title bout in Madison Square Garden Bowl he will go into the books as one of the finest light fighting machines of the last decade. Armstrong by a knockout is my prediction. . . . Bill Mulcahy, elder brother of Pat, the soccer secretary, stopped me on the street and said: "Schmeling will win from Joe Louis and will win by a knockout." . . . Warm weather continues and the local footballers are still hard at it. Last season if you remember the schedule ended and the players had something like a two week's breathing spell before the managers were calling for training sessions for the next season. . . . Charley Yates came through in the British amateur golf tournament last Saturday. Saw Charley play down in Portland last Summer and he is a grand golfer. He hits the ball far and straight and can putt with the best of them.—J.D.

**GOOD TRAINING**

Under the charge of Mr. McLeod, the work was going on well. At present, under the laws of Canada, it was not possible to commit a youth to the Boral Institute such as they had in England. Permission was given to take youths from the jail and place them on the Burnaby Farm under Mr. McLeod. . . . In England under the Boral system, 75 per cent of the juveniles sent to the institution made a return to reformed life. This was true because criminals were not born so, but were made. There was a failure in protecting youth.

**BEGIN RETREAT AT CATHEDRAL**

Parishioners of St. Andrew's Prepare for Eucharistic Congress

The preliminary exercises of the Eucharistic Congress have already begun, with the opening on Sunday night in St. Andrew's Cathedral of the eight days' retreat. The cathedral was crowded to capacity before the beginning of the services, which consisted of the Rosary of the Blessed Virgin, Benediction and a sermon on "The Real Presence," by the well-known Oblate missionary, Rev. D. J. Moriarty. . . . The various committees in charge of the event are this week making final arrangements for next Sunday night, after the retreat devotions, in the K. of C. Hall. Bishop Cody will preside, and a report of progress made will be submitted by each chairman. . . . Special transportation facilities by boat, bus and rail will be provided for visitors from Vancouver, Seattle and Up-Island towns for the occasion. At present accommodation is being sought by the housing committee for the many visitors who have signified their intention of being present.

In many of the dioceses of Canada, from the Feast of the Ascension to June 25, a Eucharistic Congress has already been or will be held as a preparation for the great National Congress at Quebec from June 22 to 25. Bishop Cody has received messages of congratulation and encouragement for the local Congress from the Apostolic Delegate at Ottawa and from Cardinal Villeneuve, Archbishop of Quebec.

**SEEKS AID TO SAVE YOUTHS**

Rev. G. Bolster Urges Gyros To Assist John Howard Society in Its Work

Speaking before the Gyro Club yesterday in Spencer's dining-room, Rev. G. R. V. Bolster explained the work of the John Howard Society and various other movements to assist in restoring prisoners who had erred, enabling them to secure a new start in life. The speaker urged members of the Gyro Club to lend every aid in the work.

In England, there was good being done by the Boral plan. The results had been excellent. A high proportion of those who were given the opportunity to reform had succeeded in changing their lives and ceased to be a charge and a menace to society.

**PENAL REFORM**

Mr. Bolster lamented the fact that in Canada there had not been the necessary attention given to penal reform. The result had been that youths who were sent to prison became contaminated while there by the association with older criminals and entered upon a life of crime.

The speaker alluded to the outstanding work done by Angus McLeod, who had been an employee at Oakalla jail and who had taken an interest in the subject of reform among the youthful offenders. He also had praised for the present Attorney-General, Hon. Gordon S. Wismer, K.C., for his assistance in the matter. As a result of this interest, backed up by a strong committee in Vancouver and by the John Howard Society in Victoria, Premier Pattullo had given over the Burnaby tract to the work in hand.

**ATTEND FESTIVAL OF RHODODENDRON**

Aldermen Davies, Peden and Gadsden Return From Visit to Port Townsend

Alderman W. H. Davies returned to Victoria on Sunday from the Port Townsend Rhododendron Festival. He was accompanied by Alderman Alex Peden, and joined at the Puget Sound city by Alderman B. J. Gadsden. . . . Other Victorians who attended the festival included Mrs. Davies, Mrs. Gadsden, Mrs. Peden, Ernest Harris, president, and Norman Foster, secretary of the Junior Chamber of Commerce; Charles Powell, Miss H. Wells and Miss Gwen Dewar. . . . Pipes of the 1st Battalion, Canadian Scottish Regiment, beat a retreat at Port Townsend during their visit. They were presented with a red ensign as a memento of the occasion.

**NOTED LAWYER DEAD**

TORONTO, May 30 (C)—John W. McCullough, K.C., seventy-eight, who appeared in many cases before the judicial committee of the Privy Council and had a distinguished record in Ontario legal circles, died in his sleep at his home here today after illness with heart trouble. He was called to the bar in 1885.

## MARINE and TRANSPORTATION

BROUGHT IN  
SILK GOODS

President Jackson Here Sunday Night From Far East Ports

Encountering fine weather all the way from Manila, the American Mail Line S. S. President Jackson, Captain Morris Seavey, U.S.N.R., commander, reached Rihet Piers at 9 o'clock Sunday night. The Jackson brought in a small list of passengers, but had a large cargo of which amounted to 4,600 tons, of which more than 800 tons were landed on the local dock, including more than 800 bales of silk goods and raw silk.

The silk coming in on the Jackson was transferred without loss of time Sunday night, going aboard the S. S. Princess Maquinn, which freighted it to Vancouver and loaded it aboard a silk train, ready to pull out for the East, where it will go aboard a Canadian Pacific Railway freighter at Montreal for discharge at London. The connection for the silk shipment could not have been better, the Princess Maquinn being idle between arrival and departure on the West Coast run.

Officers of the Jackson reported the death at sea of the ship's head butcher, R. A. Glasman, who died of a heart attack one day out of Yokohama. The body was em-

balled and brought to Seattle for burial.

## LUMBER CARRIER

The Knutsen Line M. S. Marie Bakke arrived alongside Ogden Point Piers over the week-end and started to load 600,000 feet of lumber. The Marie Bakke was expected to get away last evening.

## BORN ON LINER

On May 24, Empire Day, a baby girl was born to Chinese parents aboard the S. S. Empress of Russia. She was named Victoria Lee Yok. Mother and child were taken care of by Dr. F. C. Bell and Nurse W. A. Stokes, of the Russia's staff, and continued to Seattle yesterday afternoon.

Displaying the baby before she was taken ashore, Nurse Stokes revealed an odd Chinese custom. Ever since the little one was delivered, her parents had made up a good luck charm, which accompanied the child wherever she went. The charm consisted of two oranges and a bit of rice candy wrapped in paper and folded beneath the baby's wrap.

## HOLDING BACK

Dr. J. C. L. Bates, president of Kwansai-Gakuin University, Kobe, and a native of Ontario, who arrived here yesterday on the Empress of Russia, stated that Japan was only using Class "B" men in the present war, holding her physically fit army Class "A" men for a possible conflict with a major power—possibly Russia. Only ten out of the 3,000 students attending his university have been called to war service.

## FAIRLY WELL TREATED

Joseph Gilbertson, Vancouver officer of the freighter Heathcote, who was arrested for taking long-distance Kodak snaps of Mitsui Island, in the Shimomaki fortified zone and held at Osaka for twenty-one days, arrived back in Canada on the S. S. Empress of Russia yesterday. He spent eleven days in the company of a policeman at a hotel, while the balance of the time he was in "protected quarters" in an Osaka jail. He was questioned daily by the Japanese police, but had no hearing in a court of justice.

Telling of his experiences, Gilbertson stated he had taken the pictures when the ship was steaming along the Japanese coast, about one mile off shore. "I thought it would make a good picture. I made seven exposures and had the films developed in China, pasting some of them in my album, where they were seen at Osaka some time later by a Japanese customs official, who took steps to have me detained. I believe it was through the efforts of the Dominion Government and the publicity given my plight in the Canadian newspapers that I was released."

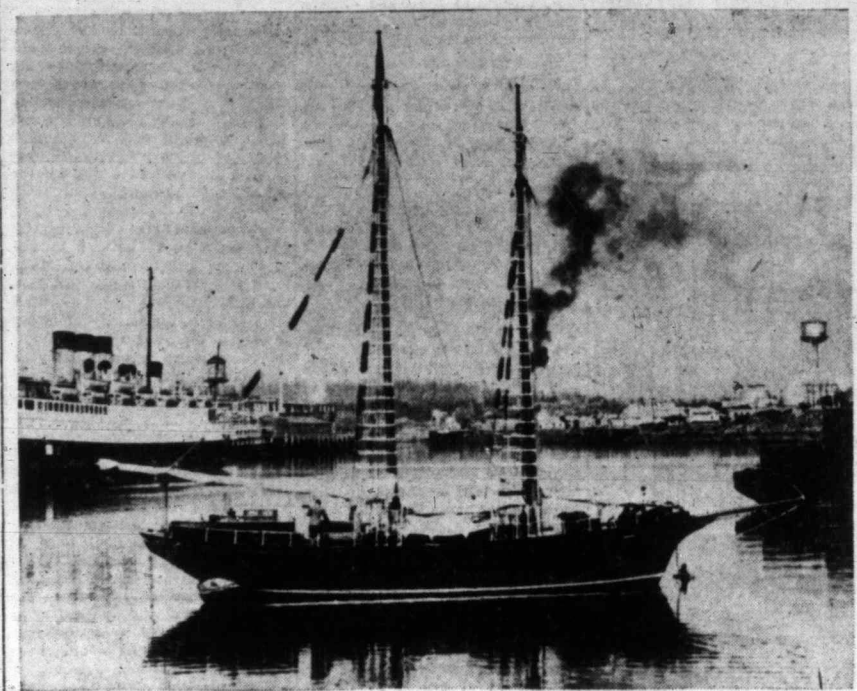

CROSSED FINISH  
LINE TOO LATE

Cutter Richmond II Cheated Of Victory After Sailing Good Race

Four auxiliary cruisers of the Royal Victoria Yacht Club fleet took part in a tricky and difficult race, the second of the series of three for the Virtue Cup, over the Hein Bank course on Sunday, but the leading boat failed to cross the finishing line within the prescribed time, and the race will have to be sailed again.

The four starters were F. C. Holden's cutter Richmond II, Harry T. Barnes' yawl Minerva, Captain R. S. Johnson's yawl Chirra, and T. G. and R. C. Denney's yawl West Wind. Richmond II sailed a beautiful race, and about the middle of the afternoon, with a lead of more than three hours on the rest of the fleet, looked like a certain winner. Off Ten Mile Point, however, when Richmond II had an hour left in which to cover only about three-quarters of a mile, the wind died, and it was nearly an hour over the

## Yacht From Tahiti Anchored in Harbor

Valkyrie, owned by Mrs. B. Rhodes, arrived here at the last week-end. Aboard her are Mrs. Rhodes and son, David; Captain Eric Hammer and a crew of two Tahitians. Leaving here, the Valkyrie will proceed to Vancouver, where a Diesel engine will be installed. The schooner yacht will then continue on a cruise around the world. The Valkyrie is shown in the upper picture, and Mrs. Rhodes, who formerly owned Deer Leap Farm, Metcoshin, and her son, are shown in the bottom picture aboard the little vessel.

time limit before she crept across the line.

## CAUGHT BY TIDE

Minerva, caught by the swiftly-flooding tide after clearing Discovery Island, could make no headway with the light breeze prevailing. She held on, however, in the hope of taking second place, in the belief that Richmond II would cross the line before 8:30, but at 9 p.m. the breeze died and left her at the mercy of the tide, and she had to power home, mooring thirteen hours after the start of the race.

Chirra and West Wind, becalmed on Hein Bank, failed to round the buoy, and returned under power.

NAVY DIRIGIBLE  
WILL BE SAFEST

Many New Departures to Be Incorporated in Airship Now Being Planned in United States

WASHINGTON, May 30 (P).—The United States navy's new \$3,000,000 dirigible will be the world's safest, if its designers' expectations are realized.

Navy department officials said they intended to incorporate every safety development of the last decade, but without radical departures in construction.

Alternate designs for the airship already have been drafted. However, numerous decisions on size, design and power await the findings of a special study President Roosevelt has undertaken, and Congressional action on a request for \$500,000 to start work.

New, stronger metals for the framework, more numerous cells for the helium gas, and improved engines are counted on to help make the new dirigible safer than the Akron and Macon, lost in 1933, respectively.

A safety innovation under consideration is a system of bells or lights to flash warning of undue stress on any part of the frame.

The new ship will replace the German-built Los Angeles, now decommissioned at the Lakehurst, N.J., air station, but may not be as large.

Ripple Rock Will  
Be Surveyed Some  
Time This Summer

VANCOUVER, May 30 (P).—Vancouver Merchants' Exchange said today it had been advised by Hon. Ian Mackenzie, National Defence Minister, that the Dominion Government had set aside \$5,000 for investigation of danger to shipping of Ripple Rock in Seymour Narrows, and a survey of possible means for its removal.

Ripple Rock splits the narrow channel. It lies just below the surface, and mariners have long claimed it is a menace to shipping. The exchange said Mr. Mackenzie had advised it that the Federal Government would undertake the survey work this summer.

SENIOR ANACONITE—St. Princess Margaret or St. Princess Kathleen will leave Victoria for Anacortes at 1:15 p.m. St. Princess Margaret or St. Princess Kathleen will arrive at Anacortes at 1:15 p.m. daily.

RUSSIA HERE  
FROM ORIENT

Empress Liner Brings Good Passenger List, Mails And Cargo

With a total of 410 travelers in all classes aboard, the Canadian Pacific S. S. Empress of Russia, Captain J. F. Patrick, R.N.R., commander, docked at Rihet Piers yesterday morning, inbound from the Philippines Islands by way of China and Japan ports. Officers of the liner reported a fine passage of the North Pacific. The Russia continued to Vancouver at 9 a.m., after a number of local and United States passengers had disembarked, mails were landed and cargo discharged.

Among the prominent passengers coming in on the Russia were Brigadier-General Sir G. D. Rhodes, C.B.E., D.S.O., general manager of the Kenya and Uganda Railways and Harbors, Nairobi; Prince Iyemasa Tokugawa, G.B.E., accompanied by Hon. Iyemasa Tokugawa, former Japanese minister to Canada, and party, on their way to London; Hugh Byas, correspondent for The London Times and The New York Times; T. Z. Koo, secretary of the Y.M.C.A., New York; Dr. and Mrs. C. J. L. Bates, the former being president of Kwansai-Gakuin University, Kobe; and Dr. Hans Zinsner, bacteriologist of the Harvard Medical School.

Also on the liner's "Who's Who" were Mr. and Mrs. E. A. Richards,

the former being representative of Ford Motor Company, Manila; Dr. F. G. Beebe, prominent planter from Zamboanga; Mr. and Mrs. D. G. McVean, the former being a prominent attorney of Cebu; J. P. Masson, of Butterfield and Swire, Hongkong; R. M. C. Monk, chairman of Ireland, Fraser, Ltd., Mauritius; Mr. and Mrs. D. S. Robb, the former being a chartered accountant, Hongkong; W. R. Mowll, Far Eastern manager Reuter's Limited, Shanghai; W. B. Templeton, president of Templeton, Kenly Company, Chicago; Mrs. R. T. McDonnell and son, Shanghai; Mr. and Mrs. A. B. Calder, Shanghai; N. G. Wood, Standard Vacuum Oil Co., Shanghai; Mr. and Mrs. A. J. Grant, Shanghai; Mrs. R. Ross, private secretary to the inspector-general of maritime customs, Shanghai; and Captain O. C. Daisiel, who brought a Chinese crew to man a vessel at Vancouver.

## OTHERS ARRIVING

Others arriving included Mr. and Mrs. F. Burrington and daughter, of the Shanghai Municipal Education Department; J. Maxwell, assistant general manager of Thomas Cook, Ltd., India; Mr. and Mrs. A. J. Wieland, of General Motors staff, Osaka; Mr. and Mrs. E. C. Riley, of General Motors, Osaka; J. MacDonald Smith, manager of A. P. Munning Company, Kobe; L. A. Hopkins, Santa Barbara; J. D. F. Collier, prominent engineer of Yokohama; Jacob Levin, representative of Mendelssohn Company, New York; W. B. Spencer, lawyer, of Yokohama and Tokio; and Mr. and Mrs. G. H. Davis, the former being Far Eastern representative of Kelly & Walsh, Ltd.

## VANCOUVER SHIPPING

VANCOUVER, May 30 (P).—Three halibut vessels sold a total of 32,900 pounds of halibut on the Vancouver Fish Exchange today, while another 15,700 pounds of the fish was unloaded in New Westminster.

In Vancouver 15,800 pounds of chicken brought 5 cents a pound and 17,100 pounds of medium was sold at 6.5 cents. The price was the

same for chicken in New Westminster, with 4,500 pounds sold, while 9,500 pounds of medium went for 6.3 cents and 1,500 pounds large for 5 cents. Also sold at the Fraser River port was 20,000 black cod at 3.7 cents.

The last of 122 cables from which the Lions' Gate Bridge across the entrance of Vancouver Harbor will be suspended will be drawn across the First Narrows tomorrow, construction officials said today.

Fifty-six one- and a-half-inch cables have been strung along each side of the bridge, and when five more cables have been drawn across on both sides, the two groups will be bound into two huge cables by "saddle bands," from which "suspender ropes" will hang.

Stiffening trusses will then be erected, followed by the actual start on the bridge roadway.

NETHERLANDS HUNT  
ACCUSED ASSASSIN

THE HAGUE, May 30 (CP-Havas).—The Netherlands Government announced tonight it would pay a large reward for the arrest of a Soviet agent named Walluck, accused of the assassination at Rotterdam of M. Kraslanaya, Ukrainian Nationalist leader.

Kraslanaya, at first unidentified, was blown to bits last Monday by a bomb placed in his valise.

There's a Good Reason  
You're Constipated!

When there's something wrong with you, the first rule is: get at the cause. If you are constipated, don't fiddle around with makeshift remedies. Find out what's giving you the trouble!

Chances are it's simple if you eat only what most people do: meat, bread, potatoes. It's likely you don't get enough "bulk." And "bulk" doesn't mean a lot of food. It's a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

If that fits you, your ticket is a crisp crunchy breakfast cereal—Kellogg's All-Bran. It contains the "bulk" you need plus the great intestinal tonic, vitamin B.

Eat All-Bran every day, drink plenty of water, and just watch the old world grow brighter! Made by Kellogg in London, Ont.

Every Canadian Has  
a "Stake" in Export Trade

It Affects Earnings and Employment

WHETHER they realize it or not, practically every person in Canada is affected by the trend of Canada's export trade.

Canada's farms, forests, mines, fisheries and factories can produce far more than we at home can consume. Our problem is to find markets for this surplus production. On our success in doing so depends the livelihood of one-half or more of our population.

## How Markets Are Found

To aid in finding markets outside of Canada, the Federal Department of Trade and Commerce maintains 34 trade commissioners in strategic centres of the world. Their task is to investigate export markets, to find opportunities for new or increased business in Canadian products. They are located in the world's great commercial centres where they can work to the best advantage on behalf of Canadian exporters.

Advertising Campaigns  
To Increase Trade in Britain

The Department of Trade and Commerce is sponsoring extensive advertising and merchandising campaigns to promote the sale of Canadian wheat, bacon, butter, cheese, eggs, apples and manufactured products in the British market. It is important that the merits of Canadian products be made known not merely to British importers but to the public who consume them, if we are to increase our trade in this highly com-

petitive market. Empire and International Exhibitions are also widely used to bring Canadian products to the attention of importers and consumers.

Statistics The Background  
of Business

The Canadian Bureau of Statistics, a division of The Department of Trade and Commerce, is constantly collecting and tabulating statistics and preparing reports on Canada's domestic and foreign trade. These reports present the true background of Canadian business without which there would be no reliable guide for planning private business and governmental operations. Every day the officials of the Department of Trade and Commerce at home and abroad are working to extend both domestic and export trade so that Canada may be more prosperous and more workers employed.

## Exporters Invited To Write

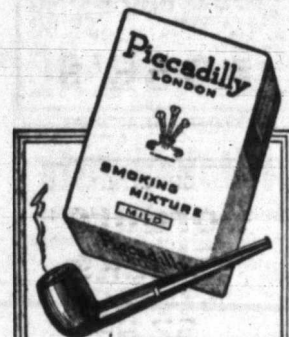

With a population of only eleven million people, Canada stands fourth among the nations in export trade. More than a billion dollars worth of products were exported last year, or four million dollars worth a day. It is vital to Canada's welfare to maintain this position and to increase exports where possible. The more products we sell abroad the more work for those who grow them and make them. Exporters are invited to write the Department for information as to the possibilities of finding markets for their products in other lands.

RHYTHMIC BAND

An enjoyable afternoon was spent on Saturday when Mrs. H. A. Beckwith, Oliver Street, Oak Bay, opened her home for a demonstration of rhythmic band music given under the direction of Miss Barbara Fraser. The children taking part ranged in age from three to seven years, and entered thoroughly into the fun and joy of the work. After the programme, tea was served by Mrs. Beckwith to the many parents and friends attending.

**FUNERAL NOTICE**

A meeting of the A.F. and A.M. No. 48, G.R.C., will be held in the Masonic Temple, Piquet Street, on Tuesday, May 31, 1938, at 2 p.m. for the purpose of attending the funeral of the late Brother Forest Lee Orr, of Nelson Lodge, No. 25, Nelson B.C. Members of the lodge and adjoining lodges in good standing are requested to attend.

By order of the Worshipful Master,  
A. W. TREVELL, P.M., Secretary.

**In Third Division**

LONDON, May 30 (P)—Ipswich Town, Southern League club which joined professional ranks two years ago, will enter big-time football in the Autumn. The Suffolk team was elected to the Third Division, Southern Section, of the English Football League at the annual meeting today in place of Gillingham.

Walsall and Gillingham finished last season at the bottom of the Southern Section table, the former being re-elected. Barrow and Accrington Stanley retained their places in the Northern circuit.

Port Vale will be transferred from the Northern to the Southern Section next season to make room for Barnsley and Stockport County. Second Division clubs, relegated at the end of the season.

**TORNADO DOES DAMAGE**

ARRIBA, Colo., May 30 (P)—A tornado damaged twenty-six buildings, including several dwellings, in this Eastern Colorado town last night. No one was killed.

## Board Asks Council For Information on School Loan Status

Victoria Trustees Requesting Figures on Principal, Interest and Sinking Fund—Special Meeting Hears Delegates on Proposed Salary Schedule

VICTORIA School Board is asking the City Council to supply information "as soon as conveniently possible" as to the status of municipal loans for school purposes. The request for the information followed a brief statement by Trustee W. P. Marchant, chairman of the board's finance committee, last night that "it would be of the utmost importance to the trustees if, in future, a question of a Great Victoria school district was considered."

The resolution by the board contains the following:

"That the Municipal Council be requested to furnish the board with the following information:

"1. The amount of principal outstanding and unpaid in respect of each of the loans for school purposes.

"2. The amount required to be paid yearly on such loans for sinking fund and interest under the Fortin plan.

"3. The amount required to be paid yearly on such loans for sinking fund and interest if the Fortin plan is not continued.

"4. The amount, if any, in arrears or in default for sinking funds on each loan, with particulars and dates of when such defaults were made.

"5. The amounts, if any, in arrears or in default for interest on each loan and particulars and dates of when such defaults were made."

The motion was passed without comment from other members of the board.

**SALARY SCHEDULE**

The special meeting, last night, was for the purpose of hearing the views of a delegation from the Victoria High School Teachers' Association. The delegates were introduced by C. L. Campbell, chairman of the association's salary committee, and it was agreed that the committee supply written briefs on the points on which the committee disagrees with the proposed schedule of salaries to govern the teaching staffs of all schools under the jurisdiction of the school board.

Members of the teachers' committee raised a number of questions concerning the application of the schedule to individual cases and there was a feeling the maximum was low and the twenty-year period before reaching the maximum salary was too long.

**MAXIMUM INCOME**

Mr. Campbell expressed the opinion the proposed schedule was a progressive one and that it might become the model for other boards. He said there was the danger, by setting too low a maximum and too long a time to reach a maximum, that young people might look to other professions with a more lucrative return in the way of accumulative salary. In order to qualify for the higher-paid positions in high school teaching, a student required five years of university training and an additional year to reach the standard set out in the Victoria schedule.

Miss E. G. Cameron questioned the right of male teachers to command higher salary brackets than female and the difference in pensions. She claimed higher pensions were more necessary to female teachers, because, in most cases, they had no families to depend upon for support. She said she believed men and women teachers should be considered equal in determining salary schedules.

**DEPRESSION CUTS**

E. G. Haywood asked what disposition had been made of the 8 per cent deduction in salaries at the time of the depression. Chairman P. E. George intimated the information would be given when the board presented its views to the Teachers' Association on points raised by the delegation. Others who spoke for the committee were Miss M. Hamilton, J. White and Miss B. Alward.

The board will have to reconsider the time for the application of salary increments. Under the proposed schedule, the increments would be applied at January 1 in each year, but Trustee W. E. Staneland maintained teachers would lose four months' increments in each year if the schedule became effective in January instead of September.

The trustees will meet next Monday to further consider the schedule and the points raised by the committee of teachers.

**TORONTO STORK CONTEST ENDED**

Four Mothers Paid \$100,000 Each Under Terms of Strange Will

TORONTO, May 30 (P)—Fortunes of \$100,000 were deposited today to the bank accounts of four Toronto mothers who finished the fantastic Charles Vance Millar stork derby in a dead heat.

Executors announced formally early this afternoon that litigation surrounding disposal of the Millar estate, bequeathed to the Toronto mother registering the most children in the ten years following Millar's death, had been terminated.

Two other mothers, whose claims for a share in the prize money were disallowed in Ontario Supreme Court, each received \$12,500 from the winning mothers on the condition they would drop their court appeals.

**BILIOUSNESS**

If you are subject to bilious attacks or the pains and discomforts of heartburn, dyspepsia, and other stomach trouble, you will be deeply interested in this case of Miss D. B. Glasco, of Mitcham.

"For three years," she writes, "I suffered from very bad bilious attacks, until I learned about Maclean Brand Stomach Powder. Since then I have taken it regularly and have been free from these attacks."

Doctors speak highly of Maclean Brand Stomach Powder which is used in many hospitals. It is designed to quickly neutralize the acids which are gnawing at the stomach walls, and to soothe inflamed, delicate tissue so that the stomach is helped to recover its proper, pain-free activity. Be sure to get the genuine Maclean Brand Stomach Powder—bearing the signature, "Alec C. Maclean," on both bottle and cartons, powder and tablets, 75c, at drug stores.

**ANNOUNCEMENTS**

Beware of advertisements which are mere catch-pennies! Alas! How many of you have wasted your money beguiled by wonderful stories all about far-distant lands... and gratitude... and late husbands! Is it not better to consult someone one is able to see and talk to, living right here in one's own home town rather than to venture to send money to some unknown person from whom there is no redress—except through law—which is costly—and therefore never resorted to. Miss Hamman, 503 Sayward Building Phone G 7642.

Don't Miss This—The St. John's Choir presents Mr. Fred Spencer with his film illustrated travelogue, "Fred's Film Flaming Europe," at 8 p.m., Tuesday, May 31, in St. John's schoolroom. Musical programme, 25c.

Falsely Cleaners and Dyers. We call and deliver. G 3724.

Sponner's, 755A Yates, home-made chocolates, brittles, fudges, etc.

## City and District

**Car Stolen**—Provincial Police informed city police that a 1938 sedan model automobile, license number 21-207, had been stolen from Kenneth Saunders at Duncan.

**Money Taken**—Thieves who gained entry to the home of Mrs. Bell at 308 Roberts Street on Sunday stole \$2 from a purse kept in a buffet drawer.

**Sanich Fire**—The Sanich fire department prevented a bush fire from spreading to a house on Brookley Road, Elk Lake, on Sunday afternoon.

**House Entered**—P. J. Mulcahy, 583 Marlfield Avenue, informed police late on Sunday night that his home had been entered through a side window. A valuable chromium-plated coffee set was stolen.

**Are Fined**—A motorist who failed to halt his machine at a stop sign was fined \$5 in the city court yesterday morning. Seven others who pleaded guilty to charges of parking over the hour limit were each fined \$2.50.

**Car Damaged**—Jow Wo, 539 Piggard Street, told police on Sunday night that an automobile cut in front of his car on Douglas Street, near Johnson Street, and tore off his front bumper. The machine did not stop.

**Inquest Today**—An inquest into the death of Royston Perkins, nineteen, who died as the result of an auto crash on the Island Highway Friday night, has been set for this morning at 11 o'clock at Curry's Funeral Home.

**To Tour North**—Hon. W. J. Assestine left Vancouver last evening on a tour of Prince Rupert, Cariboo and Omineca ridings, in the course of which he will go up the Stewart Canal and also into the Bridge River area.

**Injured Diving**—While diving from the rocks at Thetis Lake on

**Report on Conference**—The Credit Granters' Association will hold its last meeting of the Spring season at Spencer's dining-room today at 12:10 p.m. The members who attended the Credit Conference at Portland recently will tell of the main features and benefits derived. All those who did not attend are asked to attend the meeting today and hear of the latest developments and ideas in handling credit.

**Details Awaited**—While the Dominion's new \$100,000,000 programme for works and loans was received with interest by the Provincial Government yesterday, details of the expenditures within this province were being awaited before comment on the plan. With Premier Pattullo at Washington, and Hon. P. M. MacPherson arriving at Ottawa, the Government was without direct advice during the day.

**Victoria and Pitzer & Nex Register Wins in Initial Fixtures**

LAYING before good crowds, ball nines in the Victoria Baseball Association opened their pennant chase Sunday afternoon and turned in creditable performances. Playing at Admirals Road, Victoria Baseball Club defeated the Navy, 7-4, while at Hampton Road, Pitzer & Nex eked out a 6-4 verdict over the Eagles.

Tomorrow evening the scene of action will shift to the Royal Athletic Park, where the Victoria Baseball Club will oppose the Eagles. The encounter will get under way at 6 o'clock, with Steve Redgrave in charge.

Four runs in the last frame brought Coach Jerry Bell's Victoria nine through to victory in the fixture at Admirals Road. On the short end of a 4-3 score going to bat in the first of the ninth, the eventual winners pushed across a quartette of runs and took the initial clash 7-4.

Sonny Walker, big righthander, led the heavy work for the winners, and was opposed by Woodward. Navy portlander, each club collected eight safeties.

**Score by Innings:**  
Victoria ..... 000 030 004-7  
Navy ..... 001 100 110-4  
Batteries: Walker and Given; Woodward and Lister.

**GASMEN WIN**

Breaking a 4-4 deadlock in the first half of the ninth session, Coach Roy Barnes' Pitzer & Nex ball-tossers eked out a 6-4 victory over Bill Bridgwood's Eagles at Hampton Road. Birdmen opened with a three-run attack in the initial frame and held this advantage until the fourth, when the gasmen sent a trio of runners the distance and knotted the score. After each club had scored in the seventh, Pitzer & Nex drove over the winning runs in their half of the last inning.

Eagles nicked Lonnie Murray for ten bingles, two more than the gasmen collected from the southpaw slants of Lloyd Jones, their ace hurler.

**Score by Innings:**  
Pitzer & Nex ..... 000 300 102-6  
Eagles ..... 300 090 100-4  
Batteries: Murray and Scott; Jones and Woodford.

**MEETING TOMORROW**

An important meeting of the Victoria Baseball Association will be held at the Royal Athletic Park tomorrow evening at 8 o'clock. Matters dealing with intercity exhibition games will be dealt with. All clubs are asked to have delegates present.

**TANFORAN RACING**

TANFORAN, May 30.—Results here today follow:

**FIRST RACE**—Six furlongs:

**GRADS RETAIN CAGE HONORS BY 61-38 WIN**

Defeat Cleveland Girls to Keep Possession of Underwood Trophy

EDMONTON, May 30 (P)—Edmonton Commercial Grads, Canadian women's basketball champions, retained the Underwood International Challenge Trophy here today by defeating Cleveland Fisher Foods, 61-38, and winning the best-of-five series, three games to one.

Grads captured the first game, 61-38, and handed the American girls another defeat, 53-24, in the second game. But in the third the Cleveland quintette hammered hard and scored a 44-36 victory to force the fourth contest tonight.

Taking an eight-point lead, Grads were on the long end of a 20-12 score at the end of the first quarter. Cleveland battled hard in the second quarter to outscore Grads, 11-10, but the Canadian titlists held a seven-point margin with the score 30-23 at the halfway mark.

Getting in some smart shots, Grads added nineteen points in the third quarter, while the Cleveland girls were scoring thirteen to make the three-quarter mark score: Grads 49, Cleveland 36. In the final quarter Grads added twelve more and Cleveland also counted twelve.

Although Etta Dann, slim guard, who was moved to a forward position for the final game, led the scorers with twenty-four points, it was Noel MacDonald, tall Grad captain, who led her team to victory. Hot after the ball all the way, MacDonald gave her teammates set-up time after time and tallied fifteen points herself in the triumph.

Florence "Jackie" Nothman, a forward with a sharp eye on the long shots, led the Cleveland team. Sniping most of her points from twenty-five to thirty feet out, she scored fourteen before being sent to the sidelines for having four personal fouls a few seconds after the start of the fourth quarter.

Frances Sobczak, of Cleveland, scored twelve points, and Margaret Fischlin scored eleven.

**Rangers Triumph In Province Cup**

NANAIMO, May 30 (P)—Cumberland Rangers entered the semi-finals for the Province Cup soccer series when they defeated Reserve Miners of Nanaimo, 5-4. Rangers led 3-2 at half-time.

**WILL SPEAK TONIGHT**

Rev. C. L. Whitman, of the Southern United Mission, will give an illustrated lecture on "Miracles of the Soudan," at 8 o'clock tonight, in Knox Presbyterian Church, corner of Stanley and Gladstone Avenues. The public is invited.

**WAKE UP YOUR LIVER BILE—**  
And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink.

A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up." Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

## Bride Meets Friends Here At Reception

Mrs. Mark Parfitt, 1512 Vining Street, entertained on Saturday afternoon and evening at a post-nuptial reception in honor of her daughter-in-law, Mrs. Harold Parfitt, who was married recently in Winnipeg.

The hostess, wearing a smart gown of figured brown silk and a corsage bouquet of Sweetheart roses and sweet peas, was assisted in receiving by her daughter-in-law, who wore her wedding gown of white tulle over satin, made on princess lines with a train. She wore a string of pearls, the gift of the groom, and a corsage bouquet of roses. The occasion was also the birthday of the bride.

Refreshments were served from an attractively arranged table, spread with a lace cloth and centered by the top layer of the wedding cake, which was surrounded by folds of pink tulle. Crystal candelabra held pink and white candles, and at the four corners of the table were silver vases of rosebuds and sweet peas. Pouring tea and coffee in the afternoon were Mrs. D. M. Thompson, Mrs. Aaron Parfitt, Mrs. A. S. Imrie and Mrs. O. H. Cogswell. In the evening Mrs. J. B. Munro, Mrs. G. H. E. Green, Mrs. Fred Parfitt, Mrs. Ben Lewis and Mrs. J. Wormald presided at the table. Assisting in serving were Mrs. C. Lewis, Mrs. Ray Parfitt, Mrs. N. Harwood, Misses May Lewis, Stella Davey, Lillian Parfitt, Helen and Dorothy Parfitt and Vera Parfitt. Mr. George H. E. Green played cornet solos during the evening, his wife playing the accompaniment.

## Clubs-Societies

### King's Daughters

Reports on the King's Daughters' convention, held recently in Vancouver, were presented at the district meeting of the King's Daughters held last night in the Rest Room with Mrs. William Russell, president, in the chair. It was decided to donate \$5 to the tubercular veterans. The circles reported progress in their work. Letters of thanks were sent to Miss Ross, Vancouver, for entertaining the delegates to the convention. Reports were given by Mrs. Watson on the devotional periods; Mrs. Playfair, business; Miss Wood, ways and means; and Miss Maynard, entertainment.

**Sooke W.A.**  
The monthly meeting of the Sooke Women's Auxiliary to the M.S.C.C. of Holy Trinity Church, Sooke, will be held tomorrow—one week earlier than usual—at 3 o'clock, at the home of Mrs. M. Roberson, Saseenos. The auxiliary will hold a garden party and other attractions on June 8 at "Woodside Farm."

**Canadian Daughters' League**  
The regular business meeting of Canadian Daughters' League, Assembly No. 5, will be held in the K. of C. Hall on Thursday at 8 o'clock. Members are requested to turn in tickets for the quilt at this meeting.

MRS. C. H. WILLSON

Among the many I.O.D.E. Members From Eastern Canada Who Are Attending the National Chapter Annual Meeting in Vancouver, Are Miss Marjorie Gillbard, National Secretary; Mrs. F. P. McCurdy, National Treasurer; Mrs. W. B. Horkins, Second Vice-President and Municipal Chapter Regent, and Mrs. C. H. Willson, Third National Vice-President.

home of Miss Connie Holmes at 8 o'clock.

**Purple Star Lodge**  
The Victoria Purple Star Lodge, No. 104, L.O.B.A. will hold a social meeting tomorrow at 7:30 p.m. in the Orange Hall. A card party will be held after the meeting. Members are asked to bring refreshments.

**Esquimalt League**  
The Esquimalt Subdivision of the Catholic Women's League will hold its annual membership tea tomorrow afternoon at 3 o'clock in the Queen of Peace Hall. A home cooking stall has also been arranged.

**Veterans' Auxiliary**  
The Ladies' Auxiliary to the Army and Navy Veterans will hold a court whist party on Thursday at 8 o'clock in the clubroom, Wharf Street.

**Canadian Daughters**  
Far West Assembly No. 30, Canadian Daughters' League, will meet in the Truth Centre, Fort Street, on Thursday evening at 8 o'clock.

Cameron, Edmonton; Miss D. McKean, Mexico; J. Christy, Vancouver; Mr. and Mrs. J. Miller, Seattle; Mr. and Mrs. W. Pennington, San Francisco; Mrs. J. Leslie, Vancouver; Mr. and Mrs. O. Hood and daughter, Ferndale, Wash.; Mr. G. Rawley and party, Seattle; Mr. and Mrs. J. Adams, Fall City, Utah; Mr. and Mrs. P. Britton, Seattle; Mr. and Mrs. J. Watson, New Westminster; D. Laird, Cumberland.

**SHAWNIGAN BEACH HOTEL**  
Captain and Mrs. W. T. Kinley, Vancouver; Miss Beryl M. Macmorran, Piedmont, Cal.; Stanley P. Bulley, Victoria; Mrs. Freer Brock, Vancouver; Leonard L. Phillips, Qualicum; Mrs. E. Ashdown and Miss V. E. Ashdown, Victoria; John D. Lee, C. F. McBride, Miss Marion Falls, Miss P. F. Whitchole, Vancouver, and Mrs. Robert Hyde and Charles Hyde, Tacoma.

## Message of Loyalty Is Forwarded

VANCOUVER, May 30 (C)—The Imperial Order Daughters of the Empire, in thirty-eighth annual convention sessions here today, sent to King George and Queen Elizabeth a message of loyalty from members of the order in Canada.

A message of "appreciation" was sent to Lady Tweedsmuir, wife of the Governor-General, and one of sympathy to Rt. Hon. R. B. Bennett, whose sister, Mrs. W. D. Herridge, died recently in New York and was buried in Vancouver.

**FIRST LIBRARY**  
Establishment of the first lending library in the Yukon Territory is credited to the order, according to the report of activities of the order in the Yukon.

The report, read by Miss Marjorie Gillbard, Toronto, National secretary of the I.O.D.E., said the first Yukon library was established at Mayo, Y.T., last year, by chapters of the order in the Northland.

Three I.O.D.E. chapters operated in the Yukon, the report said. They are at Mayo, Dawson City and White Horse, and during the last year their membership had increased by twenty-five.

**LONG JOURNEY**  
Miss May Sprout traveled 4,000 miles from Jacksonville, Fla., to Vancouver, so she could stand before the convention here today and bring good will messages from "close to a hundred" branches in the United States.

Miss Sprout told the convention that the United States chapters had a membership of about 4,000. Their major objective was caring for aged men and women of British birth and ancestry.

## Rose-Time Fete Planned by W.A.

Mr. and Mrs. R. P. Butchart have kindly loaned their gardens at "Benvenuto" for the annual garden fete to be held under the auspices of St. Stephen's and St. Mary's W.A. South Saanich, on June 13 from 3 to 6 o'clock.

The famous gardens will be at the height of their summer loveliness at that time, with roses at their best, and out-of-town visitors are cordially invited to attend the fete and enjoy a cup of tea which will be served in the garden. There will be stalls of home cooking, candy, fancy work and ice cream, and there will be a number of games for the entertainment of visitors.

## SKETCH CLUB

The Sketch Club met yesterday afternoon at Saxe Point Park, Esquimalt, and sketching centred on the pine trees and stormy sea beyond. The next meeting will be held in Beacon Hill Park, when members will sketch the flowering rhododendron bordering the lake. Members are asked to assemble at the Burns monument at 2 p.m.

## METCHOSIN DANCE

Metchosin Sports Club held a jolly dance in the Community Hall on Saturday evening to wind up an active winter season. A three-piece orchestra provided music for modern and old-time dances. Prizes were awarded for spot and struts dances and for the best couples.

# Social Activities and Notes of Personal Interest

## Social and Personal

### Received Gift

Miss Phyllis Gale, whose marriage to Mr. John Cassillo will take place next month, was the guest of honor last night when Mrs. A. P. Woollett entertained at her home on Millgrove Street. Spring flowers in shades of orange were used throughout the rooms. During the evening, the bride-to-be was presented with a handsome silver cake plate and corsage bouquet of pink carnations and sweet peas, with the best wishes of her friends. Games followed and were much enjoyed. Later, a buffet supper was served from a table laid with an Italian cutwork cloth and centred with orange-colored sweet peas in a low silver bowl. Silver and pale green tapers in similar holders completed the pretty arrangement. Mrs. J. Gale and Mrs. D. Cassillo presided. The guests were: Mrs. J. Gale, Mrs. D. Cassillo, Mrs. T. F. Huzzey, Mrs. Fred Gale, Misses Verna Henry, May Buckingham, Hilda Brown, Mae Robbins, Lillian Woodburn, Mildred Beckett, Lucy Huzzey, Vera Gane, Florence Malcolm and Lily Beckett.

### Honored Sister

Mrs. A. F. Plucke entertained on Sunday afternoon at her home on Marlfield Avenue, at a china shower for her sister, Miss Dora Dalby, who is to be married shortly. Roses were effectively used in decorating the reception rooms. The pretty gifts

were presented to the bride-to-be in a large box which was trimmed with blue and yellow crepe paper. The hostess presided when tea was served by Mrs. K. Overy and Miss Patricia Dalby from a table centred with a silver vase of pink roses and lighted by tall ivory tapers in silver sconces. The guests were Mrs. R. S. Dalby, Mrs. J. Peters, Mrs. Thomas Miller, Mrs. V. Wolfe, Mrs. K. Overy, Mrs. F. Clunk, Mrs. H. Shandley, Mrs. C. F. Banfield, Mrs. F. W. Plucke, Mrs. R. W. Watson, Mrs. F. Gilbert, Mrs. A. Plows, Mrs. M. Barry, Mrs. L. McKay, and Misses E. Calwell, L. Doyle, P. Dalby, H. Mainwaring, N. Millar, O. Dalby and I. Millar.

### Presentation Made

Mr. and Mrs. Harold C. Parfitt (nee Pesanco) were recently the guests of honor at a social given for them by the choir and friends of Emmanuel Baptist Church. Mr. H. T. Zala was the chairman and, on behalf of the choir, presented them with a handsome mantel clock. Deacon G. F. Waites, on behalf of some of the friends of the church, presented them with a beautiful walnut occasional table and extended the congratulations of the church and congregation to Mr. and Mrs. Parfitt upon their recent marriage, which took place in Winnipeg. During the social hour, Mrs. James Oakman sang a group of solos, and Miss Florence Rowley and

### Miss Elsie Cross played two piano-forte duets. Refreshments were served by the ladies of the choir and the evening closed with a hymn and prayer by Rev. Dr. A. S. Imrie.

### At Empress Hotel

Among the visitors to Victoria who registered at the Empress Hotel yesterday were: Miss Betty Wickham, Mr. and Mrs. A. J. Wieland, Mr. and Mrs. Edward Riley, New York City; Miss L. F. White, Montclair, N.J.; Mrs. S. W. White, Nutley, N.J.; Mr. and Mrs. Arthur E. Wilson, Mr. and Mrs. L. D. Hosson, Long Beach, Cal.; Mrs. G. Rice, Mrs. Mary Callier, Beverly Hills; Miss Ruth E. Scott, San Jose; Colonel and Mrs. R. E. Smyser, Pristidio, Cal.; Mrs. Allan Jackson, Chicago; Colonel and Mrs. I. Newell, Sea Islands, Ga.; Mr. and Mrs. C. E. Stockill, Winnipeg; Mr. and Mrs. S. C. Sibley, Miss V. Petrich, Miss Mary Fleming, Mr. and Mrs. H. M. Anderson, Seattle; Mr. and Mrs. John Kennedy, Mount Vernon, Wash.; G. S. Farnham, Buffalo, N.Y.

### Farewell Party

An enjoyable surprise farewell party was held at the home of Mr. J. Bourke, 233 Bismarck Street, on Saturday night, the affair being held in honor of Loretta and Frank Mooney, who will leave in June for Winnipeg. Dancing and games were enjoyed. The rooms were prettily decorated with roses and peonies. The hostess, Miss Victoria Bourke, presided at the attractively-arranged table, from which a buffet supper was served. The self-invited guests included: Misses Madeleine Cloutier, Patricia Prescott, Mary Doherty, E. Gagnon, Margaret Turner, Ella Hood and Marguerite Bourgeois; Messrs. Ted Meredith, Dick Baines, A. St. Martin, Bill Martin, John Gillie, Tom Rafferty, Herbert Pulthorp and Walter Cownden.

### Shower of Gifts

A "shower" of gifts was presented to Miss Hazel Williams by Mrs. G. Smethurst at the home of her mother, 2430 Mowat Street, recently. The guest of honor, who is to be a June bride, was given a corsage bouquet by Master Billy Smethurst. Games were played, the winners being Miss K. Rendle and Miss B. Williams. The invited guests were Messdames R. Williams, T. N. Earley, A. Murray, F. Taylor, J. Taylor, C. Lewis, J. Smethurst, B. Croft, Wilcox (Manitoba), J. Williams, E. Elwell, W. Griffin, R. Bryden, W. Mortimer, P. Bennett, R. Brown, W. Butler, E. Lacey, J. Bourke, and Misses B. Williams, K. Rendle and J. Rogers, and Master Billy Smethurst.

### Entertainers Club

Mrs. H. M. Hall was hostess to local and out-of-town members of the Business and Professional Women's Club at luncheon on Sunday at her home at Gordon Head. A buffet meal was served in the garden amid most delightful surroundings, and the afternoon was greatly enjoyed by the Victoria members and their friends from Vancouver, Nanaimo, Seattle, Aberdeen and Everett. Later in the afternoon the American guests were entertained by Mrs. Reed Paige Clark at her home, "Rifington," Uplands.

### Birthday Surprise Party

About thirty friends of Miss Faith Cumming paid a surprise visit to the home of her parents, Mr. and Mrs. Laurence Cumming, Linden Avenue, on Sunday, on the occasion of her twenty-first birthday. The party later left for the Summer home of Mr. and Mrs. Cumming, on Saanich Arm, where a delightful day was spent in swimming, boating and playing badminton. Luncheon and supper were served, and a jolly time spent by Miss Cumming and her friends.

### Hostess at Tea

Mrs. W. R. Gunn entertained at the tea hour on Sunday afternoon at the Empress Hotel, when her guests were Mrs. G. B. Garret, Mrs. R. T. Loughheed, Mrs. J. Tucker, Mrs. Stewart Brock, Mrs. S. Youliden, Mrs. R. Snyder, Mrs. C. Fowler, Mrs. E. Jenkins, Mrs. D. Smith, Mrs. Ethel Powers, Mrs. H. Ferguson, Mrs. W. Towill, Mrs. E. Prowd and Shirley Gunn.

### Surprise Party Held

At a surprise party held recently at the home of Mrs. Chappell, Sixth Street, Mr. and Mrs. Kendall were the guests of honor, the occasion being the thirty-fifth anniversary of their wedding. Miss Violet Keitke and Mr. W. Kendall presented them with a bouquet, and the assembled guests presented a piece of pottery and china. Mrs. Cook and Mr. Watson won the prizes at cards.

### Expected for Visit

Mr. and Mrs. Geoffrey Churchill are expected from Vancouver today for a short visit. Mr. Churchill will return to Shanghai on June 11 aboard the S. S. Empress of Russia, and will be joined in August by his wife and infant son, Anthony, who will stay with relatives in Vancouver and New Westminster until then.

### Surprise Party

At the home of Mr. and Mrs. L. Lambert, 483 Superior Street, recently, the Laf-a-Lot Club held a surprise party in honor of Mr. George Lambert, who will leave the city shortly. During the evening, Rev. W. L. Holder, on behalf of the club, presented Mr. Lambert with a pipe. Games and contests were played and refreshments served.

### From California

Mr. and Mrs. Haslam Bale and their children, David and Donald, have arrived from Palo Alto, Cal., to visit Mr. Bale's parents, Mr. and Mrs. D. H. Bale, Stadacona Avenue. Mr. Bale will return to California

## Visitors From Film Centre

—Photograph by Associated Screen News.

Mr. and Mrs. Hal Wallis and Mr. William Koenig have been holidaying at the Empress Hotel, where they were photographed in the garden. They have left for Honolulu aboard the Empress of Canada to spend some time before returning to Hollywood. Mrs. Wallis is Louise Fazenda, well known in the motion picture world, and her husband is prominent in Warner Bros. company. Mr. Koenig is a producer with the M.G.M. company. With Mr. and Mrs. Wallis was their five-year-old son.

in a fortnight's time, and Mrs. Bale and the children will remain here for about six weeks.

### En Route Home

Mr. and Mrs. L. Arundel-Hopkins, Reno, Nevada, and Miss Anne Arundel-Hopkins, arrived in Victoria yesterday aboard the S. S. Empress of Russia from the Orient, and will spend a week here at the Oakbay Beach Hotel before returning to their home.

### To Arrive Next Week

Sir Ernest MacMillan, principal of the Toronto Conservatory of Music, will arrive at the Empress Hotel next Monday afternoon. On Monday evening he will give an organ recital in the First Baptist Church at 8:30 o'clock, under the auspices of the Toronto Conservatory Club.

### Visiting From England

Mr. and Mrs. W. E. W. Mitchell, Canterbury, England, are visiting in Victoria for some time, and are staying at the Oakbay Beach Hotel, having arrived here yesterday.

### Still in Hospital

Friends of Mrs. J. H. Lee, Hollywood Crescent, who is a patient in St. Joseph's Hospital, will be pleased to learn she is making rapid progress towards recovery.

### News of Bereavement

The many friends of the Misses Mary and Jean Bell will be sorry to learn of the death of their mother, Mrs. John Bell, who passed away on May 28.

### Leaves for Visit

Mrs. Beecroft left yesterday afternoon to spend the Summer with relatives and friends in Vancouver and Washington.

### Here From South

Miss Jeannette McQueen and her nephew, Master Joseph Vollert, San Francisco, are visiting Miss McQueen's mother on Fernwood Road.

### Leaving for Banff

Miss Mary Campbell, Linden Avenue, will leave tomorrow for Banff to spend the Summer.

"My wife's always on the go." "So is mine, but she always comes back."

## Conference To Be Held At Empress

The Pacific Drama Conference will be held in the lower lounge of the Empress Hotel at 8 p.m. tomorrow, under the chairmanship of Miss Kathleen Agnew.

The following will be among the speakers: Madame Sarah Truax Albert, nationally-known professional actress, who will speak on "The Amateur Drama Movement, Viewed by a Professional"; Mr. A. M. D. Fairbairn, on "The Emotional Significance of Line, Color, Form, Mass and Balance in Theatrical Stage Setting and in the Grouping of Players"; Mrs. Vivienne Ramsay, who will give an illustrated address on "Make-Up," has recently returned from taking an advanced course in Hollywood; Dr. Henrietta Anderson, on "The Place of the Drama in Modern Education"; Professor Lager, Dean of University College, University of Washington, and Miss Beatrice Lennie, who will give an illustrated talk on "Masks." There will be a play directors' conference at 10 a.m. at the Empress Hotel on Friday under the chairmanship of W. B. Crawley. This is free and open to all those interested in play direction.

## WOMEN'S INSTITUTES

The proposal to petition the Government that Mount Baynes be set aside as a public park for the residents of Salt Spring Island and visitors was endorsed by the Ganges Institute at the monthly meeting held on Friday afternoon in the Mahon Hall, Ganges. The president reported that the flower committee had met and that it had been decided to hold a small rose show at "Barnsbury" on Tuesday, June 14. The proceeds will go towards the Gulf Islands Hospital Auxiliary fund. Tea conveners had been elected, and tea will be served in the garden. Mr. J. H. Monk, Beaver Point, will be asked to officiate as judge. The members will meet at the home of Mrs. A. B. Elliott, Ganges, for the purpose of putting together the afghan, which, with the matching cushion cover, will be sold for the benefit of Institute funds. Mrs. Barbour, Hope, B.C., wrote to state she had established an arts and crafts centre on the Trans-Canada Highway, and asked for the co-operation of the Institute in the matter of selling only hand-

Alfred—When she wasn't looking, I kissed her.  
George—What happened?  
Alfred—She refused to look at me for the rest of the evening.

## Coming Here From England

Mrs. H. J. Calton and her son, Raymond, are arriving from Plymouth, England, this week, to visit Mrs. Calton's mother, Mrs. A. Pinnington, Chapman Street, while Petty Officer Calton, R.N., is abroad.

crafts made by members. A report was read by Mrs. W. M. Moutat on the progress made with the dental clinic, which will commence operation in the second week in June.

## Y.P.S. News

### CENTENNIAL

The Centennial Society will hold its annual picnic tomorrow afternoon, at Whitty's Lagoon. Cars will leave the church at 2 o'clock in the afternoon and 6 o'clock in the evening. The sports will be held under the direction of Fred Wheeley and Ernie Hatch.

### METROPOLITAN

The Metropolitan Society will hold its final banquet tonight at 7 o'clock in the Sunday school hall. Guests will include Miss Mary Loudoun, president, First United; Roy J. Whittle, president, Belmont; Frank Hollins, president, Centennial; Walter Reid, president, James Bay; Molly Kennedy, acting-president, Oak Bay; Gordon Corless, president, Esquimalt; Miss M. Campbell, president, Fairfield; John Bong, president, Chinese United; and Miss B. Dawson, president, St. Aldan's.

### UNITED CHURCH COUNCIL

Three official delegates from each United Young People's Society are expected to attend the regular meeting of the Lower Island Council tomorrow evening at Dallas Beach, corner of Dallas Road and Dallas Avenue. Unofficial delegates are invited.

## LAW STIFFENED FOR SAFER MOTORING

### Continued from Page 1

It would become an offence under another proposed amendment to drive recklessly "notwithstanding that no accident occurs or damage is done." Maximum penalties under this section would be \$100 or three months, or both, on summary conviction in a police court, and \$1,000 and two years, or both, on conviction after indictment in a higher court. A person convicted of reckless driving may be prohibited from driving a car "anywhere in Canada for a period not exceeding three years."

Power to make cancellation of licences to drive effective in all Canada is included in another amendment. A Province can legislate only for suspension of permits within its own boundaries. The new sub-section would enable magistrates and judges to make permit cancellation effective in all Canada.

### THEFT OF MOTOR CAR

Another sub-section would be amended to make it clear theft of a motor car is an indictable offence. The code at present does not make it clear this is a specific offence. Another amendment would enable juries to convict of reckless or dangerous driving in cases where an accused person is charged with manslaughter. The explanatory note says:

"Under the present section, the courts, in certain provinces, have held in effect, that the accused must be found either guilty or not guilty of manslaughter, with the result that it has been difficult to obtain a conviction, as the juries are disinclined to convict a person, in many cases, of such a serious offence as manslaughter, whereas they would probably be inclined to convict of a lesser offence."

### MINING FRAUD

The maximum penalty for the holder of a lease on a gold or silver mine attempting to defraud the owner or the Crown would be increased to five years' imprisonment, instead of two, under an amend-

JUST SAY "CHARGE IT"  
**Wedding Veils**  
FOR THE JUNE BRIDE  
\$3.50, Up  
**Plume Shop, Ltd.**  
747 YATES STREET

ment to the code requested by Hon. Gordon A. Conant, Attorney-General, of Ontario. The amendment section would also provide for the forfeiture of minerals involved in the prosecution.

The salting of a mine, or a sample from one, would be made an express offence, it now being covered by the code's general provisions relating to frauds. The change is proposed at Quebec's request. It would become an indictable offence, with a liability to a two-year term. Facilitation of the prosecution of persons having slot machines, other than ones for vending merchandise, is the object of another amendment. An explanatory note says all such machines, other than those for vending merchandise, would become illegal.

"If any house, room or place is found fitted or provided with any such machine, there shall be an irrebuttable presumption that such house, room or place is a common gaming house."

### POSSESSION OF FIREARMS

Several clauses deal with the possession of firearms. Rifles and shotguns would be included in the definition of firearms capable of being concealed on the person. Terms for such possession during the execution of another crime would have to be served consecutively and not concurrently.

Possible penalties for stealing any plant, root, fruit or vegetable growing in any garden, orchard, pleasure ground, nursery ground, hothouse, greenhouse or conservatory would be increased to \$50 over and above the value of the goods stolen or the amount of injury done, or to two years' imprisonment, or both. Present limits are \$20 above the value stolen and one month's imprisonment.

It would be made an indictable offence for the holder of a naturalization certificate to part with it knowingly "with the intent that it be used for any fraudulent purpose." Penalties up to \$500 or two years, or both, are provided.

### BREAKING AND ENTERING

The breaking and entering of a dwelling house by night, or the breaking out of a dwelling house by night after having entered by day or night, would be prima facie evidence of an intent to commit an indictable offence, under an amendment, inserted in the Bill at British Columbia's request.

A section of the code dealing with cruelty to animals would be broadened to include acts of passive cruelty as well as active cruelty. It would be a crime to omit to do things necessary for the animal's protection, or to cause or procure the commission or omission of any act that would permit unnecessary suffering.

It is now an offence to deface a coin by stamping on it names or words and then to tender it. An amendment would make the defacing of the coin an offence, whether it be tendered or not.

## DEATH FOR LISTENING TO RADIO PROPAGANDA

BERLIN, May 30 (CP-Havas).—Germans listening to radio propaganda broadcasts from the Soviet will be charged with plotting against the security of the state and face the death penalty, Deutsche Justiz, organ of the Reich Ministry of Justice, announced today.

**WHEN OUR BOY STARTED STEPPING OUT— HE TAUGHT US A THING OR TWO!**

STEPPING OUT, SON? SAY, WHAT'S THAT SOAP YOU'RE USING?  
LIFEBOUY! THE BASKETBALL COACH ADVISED ALL US YOUNG FELLOWS TO USE IT. HE SAYS IT PROTECTS US AGAINST "BO".  
SAY, IT CERTAINLY LATHERS UP! IT'S DIFFERENT FROM OTHER SOAPS, SON.  
THE COACH SAYS IT CONTAINS A SPECIAL PURIFYING INGREDIENT THAT'S NOT IN ANY OTHER WELL-KNOWN TOILET SOAP.  
YOU MIGHT GET MOTHER TO USE IT TOO. HER SKIN'S NOT LOOKING SO GOOD THESE DAYS. MR. MURDOCK SAYS IT'S MILD AND DOES GREAT THINGS FOR COMPLEXIONS.  
I HEARD YOU, SON! I'LL CERTAINLY TRY LIFEBOUY.

**REPORT FROM FATHER**  
YOU KNOW SINCE I'VE BEEN BATHING WITH LIFEBOUY I FEEL FRESH ALL DAY LONG. I NEVER WORRY ABOUT "BO" ANYMORE. I KNOW I'M SAFE! I SAY LIFEBOUY'S GRAND SOAP.

**COMPLIMENTS FOR MOTHER**  
MOTHER, YOUR SKIN'S AS CLEAR AND SMOOTH AS A CHILD'S!  
THANKS TO OUR CHILD'S ADVICE ABOUT LIFEBOUY! WE'LL NEVER USE ANY OTHER TOILET SOAP!

**Tests prove Lifebuoy 20% milder**  
MILLIONS of women who started to use Lifebuoy for the bath now use it for complexion—exclusively! The same special purifying ingredient in the hygienic lather that stops "B.O." also makes the action of Lifebuoy milder... 20% milder by skin test than many so-called "beauty" and "baby" soaps. This gentle lather penetrates your pores, removes all beauty-marring impurities... Leaves your skin smoother, alluring.  
**Women prefer Lifebuoy for the bath**  
More Canadian and American women use Lifebuoy for the bath than any other soap... And it's equally a favourite with men and children... 125,000 interviews by eleven leading magazines reveal these facts... For Lifebuoy stops skin trouble before it starts. When you emerge from your Lifebuoy bath you're fresh, pepped up... confident... on top of the world!

# HEAVY WAGERING ON DERBY; PASCH HOT FAVORITE

## Boston Bees Blank Giants in Holiday Games; Cubs Divide

Score 6-0 and 1-0 Victories Over Pace-Setters—  
Chicago Splits With Cincinnati—82,990 Fans  
Watch Yankees Win Two—Pirates Take  
Seventeen-Inning Battle From Cards

By The Canadian Press  
Baseball's biggest crowd of the year and one of the largest in history—82,990 fans—packed Yankee Stadium yesterday (Monday) as the world champion New Yorkers turned back Boston Red Sox in both ends of the holiday double-header, 10-0 and 5-4.

The crowd was less than 3,000 under the record attendance of 85,265 set in a Yankee-Athletics double bill at the Yankee Stadium, September 9, 1928. It exceeded by more than 20,000 the previous 1938 high mark of 62,244 made in the Yankee-Indians game at Cleveland, May 28.

Charley Ruffing hurled three-hit ball to gain his sixth successive victory in the opener. Pinky Higgins' wild throw in the ninth inning permitted Lefty Gomez to shade Jack Wilson in the nightcap.

**ORDERED FROM GAME**

Joe C. Cronin, Boston manager and shortstop, and Jake Powell, Yankee outfielder, were banished in the first game after they became involved in a fist fight. Powell rushed to the box after being hit by a pitched ball thrown by Archie McKain. Before the Yankees could do anything to the Boston pitcher, Cronin threw a punch and Powell retaliated.

Both players were ordered out of the game, but took up the argument under the stands. Powell clawed Cronin before they were separated.

Both leagues swept through full schedules of double-headers.

The Athletics and Senators divided their twin bill. Washington took the first, 9-4, after scoring six runs on three hits in the opening inning. Six runs on two hits in the fourth gave the A's a 9-1 score in the second.

St. Louis and Detroit likewise split their double-header. The Browns won the second game 3-0 behind the six-hit pitching of Les Tietje, after the Tigers had taken the first 10-9 in an uproarious battle of home runs. Rudy York got two circuit blows, one with the bases loaded.

Bob Feller and Johnny Allen each scored his sixth victory of the season as Cleveland took the holiday double-header from Chicago White Sox, 5-2 and 8-1.

Feller allowed only five hits in the opener and Allen coasted to victory in the nightcap as the tribe blasted Thornton Lee for an early lead.

**GIANTS LOSE PAIR**

In the National League Boston's hustling Bees handed the league champion New York Giants a double shutout, 6-0 and 1-0, before a crowd of 41,036, largest to see a ball game in Boston in two years.

After "Milkman" Jim Turner set the Giants down with nine hits in the opener, Deacon Danny Macfadyen hurled a brilliant three-hitter against Hal Schumacher, who himself allowed only four.

A wild throw by Stu Martin enabled Handley to score the winning run from second base and gave Pittsburgh Pirates a 5-4 decision in the seventh-inning first game of their bill with St. Louis.

The Cardinals rallied to take the second, 9-6, with Curt Davis handcuffing the Pirate batters in the pinches.

The Phillies did their scoring in clusters as they whipped Brooklyn Dodgers 9-5 and 7-4. They counted all of their runs in two innings of the second game and scored eight in one frame in the first.

Big Bill Lee pitched his third shutout of the season as Chicago Cubs downed Cincinnati Reds, 3-0, in the second game of the twin fixture. Cincinnati won the first, 7-3.

### Barney Ross and Armstrong Clash For Title Tonight

NEW YORK, May 30 (P).—Weather permitting, Barney Ross and Henry Armstrong will battle it out for the world welterweight title in the Madison Square Garden bowl on Long Island tomorrow night.

Originally scheduled for last Thursday night, the fight twice was postponed because of rain. Promoter Mike Jacobs will try to go through with it at all costs this time in order to concentrate his attention and ballyhoo on the heavy-weight scrap between Max Schmeling and Joe Louis, June 22.

Mike Jacobs, who had hoped for a gate of between \$200,000 and \$250,000, now will be satisfied with \$175,000 due to the postponements, but he says good weather tomorrow may boom receipts to the \$200,000 mark.

### NATIONAL LEAGUE

First game: R. H. E.  
New York... 000 000 000-0 9 1  
Boston... 200 400 000-6 11 0  
Batteries: Castleman, Lohrman and Mancuso; Turner and Mueller.

Second game: R. H. E.

Little did Robert Harrison  
guess what he had started  
merely by complaining about  
the Italian spaghetti—nor the  
strange course on which Eileen  
embarked after that fateful  
afternoon of bridge. The part  
the refrigerator played in her  
reformation was something  
neither husband nor wife fore-  
saw!... A story that you  
will find absorbing, inspiring,  
instructive — that will make  
you think.

Adults Only, please...  
The subject of this  
picture will not in-  
terest children.

music stands, Niagara falls, sulphur  
springs, moonlight walks, sheep run,  
scandal spreads, the organ stops, the  
world goes round, and... But  
the witty one had fled in despair.

## To Discuss Plans For Race Meeting

Plans for the third of the season's  
auto racing meet, to be staged Sat-  
urday, at the Langford Speedway,  
will be discussed at a meeting of  
the B.C. Automotive Sports Associa-  
tion this evening at the British  
Public Schools Club. All racing  
drivers, mechanics and small-car  
owners are asked to attend. The  
parley will get under way at 8  
o'clock.

## Lieutenant-Governor To Attend Banquet

VANCOUVER, May 30 (P).—Lieut-  
enant-Governor E. W. Hamber of  
British Columbia has accepted an  
invitation to attend a public ban-  
quet for British Columbia sports  
champions here Friday.  
Representatives of Trail Smoke  
Eaters, Dominion hockey champions;  
New Westminster Salmonbellies, Do-  
minion lacrosse champions; Van-  
couver Westerns, Canadian basket-  
ball title-holders, and Johnsons of  
Vancouver, national soccer cham-  
pions, were expected to attend,  
along with stars of the Canadian  
team to the 1938 British Empire  
Games in Sydney, Australia.

## At the Theatres

### DOMINION OFFERS LONDON PICTURE

"The Return of the Scarlet Pimpernel"  
Is Sequel to Story by  
Baroness Orczy

One of the most popular char-  
acters in modern fiction is brought  
to the screen again in "The Return  
of the Scarlet Pimpernel," a new  
London film which will start today  
at the Dominion Theatre.  
Twenty years ago Baroness Orczy  
was asked by a famous publishing  
house to supply a thrilling serial  
story in rather a hurry. Within  
minutes of receiving the commis-  
sion, she had formulated men-  
tally the story of "The Scarlet  
Pimpernel." Originally the setting  
was to be in Russia, but for diplo-  
matic reasons Baroness Orczy al-  
tered it to the French Revolution.  
"The Return of the Scarlet  
Pimpernel" is the sequel.

**OAK BAY** "Happy Landings" is  
THEATRE now showing at the  
Oak Bay Theatre, a  
show aglow with joy-laden wonder,  
winging from gay Norseland festi-  
vals to New York Winter time spec-  
tacles, with Sonja Henie radiant  
beyond imagining.

**PLAZA** Bobby Clark, famous  
THEATRE stage comedian, who  
has carried on alone  
since the death of his partner, Paul  
McCullough, clowning with little Ella  
Logan in "The Goldwyn Follies,"  
Samuel Goldwyn's magnificent tech-  
nicolor musical at the Plaza Thea-  
tre.

**ATLAS** "Bordertown," which  
THEATRE stars Paul Muni and  
Bette Davis and which  
will end today at the Atlas Theatre,  
is a powerful drama of the rise and  
fall of indomitable youth, set in a  
picturesque border community.

**CAPITOL** Literally packed with  
THEATRE thrills and heart in-  
terest, "Test Pilot," now  
at the Capitol Theatre, gives the  
men stars plenty of scope for their  
talent, but to Myrna Loy it  
affords an opportunity for emotional  
portrayal unexcelled; and with con-  
summate repressed artistry she takes  
full advantage of the occasion.

**COLUMBIA** Joan Crawford, whose  
THEATRE wardrobe in her Met-  
ro-Goldwyn-Mayer  
starring production, "Forsaking All  
Others," currently playing at the  
Columbia Theatre, is the last word  
in modern fashions, wears a gown  
with soft folds swaying enchant-  
ingly over flexible hoops.

## ORIENTAL GROUP TO COMPETE IN FESTIVAL

British Columbia is the only  
province in the Dominion in which  
Oriental groups are competing in  
the drama. Mrs. C. F. Corbett on  
Saturday afternoon presented a  
very handsome trophy to the as-  
sociation for the best play presented  
by an Oriental group.  
In this connection it is interesting  
to note that at Winnipeg at the  
annual meeting of the Dominion  
Drama Festival, the governors de-  
cided that Oriental groups would  
be welcomed into the contest in  
future years.

Tomorrow evening in the lower  
lounge at the Empress Hotel, the  
opening of the Pacific Drama Con-  
ference will take place. Unreserved  
seats will be available free to the  
general public. A number of dis-  
tinguished speakers will take part.

## ODD CHARACTER IN SUCCESSFUL COMEDY

The character of Donald, the col-  
ored boy, in "You Can't Take It  
With You," the successful comedy  
coming to the Royal Victoria Thea-  
tre for two nights, Monday and  
Tuesday, June 6-7, is depicted by

In Connection With the

Mrs. H. Cliffe, 28 Menzies Street,  
Victoria, wins an English Dinner  
Set, donated by Macdonald Electric,  
Ltd., 1121 Douglas Street.

Owen Ridley, 855 Cormorant  
Street, Victoria, wins one Electric  
Table Lamp, donated by Macdonald  
Electric, Ltd., 1121 Douglas Street.

G. Wilson, Esquimalt, B.C., wins  
a Gent's Watch, donated by Rose's,  
Ltd., 1317 Douglas Street.

Miss Enis Clarke, 460 Chester  
Street, Victoria, wins one Tennis  
Racquet donated by Hocking &  
Forbes, Ltd., 1006 Douglas Street.

Mrs. R. Jordan, Douglas Street,  
Victoria, wins one Ladies' Toilet  
Set, donated by the Vancouver  
Drug Company, 1101 Douglas Street.

Mrs. L. B. Dunn, 539 Rithet Street,  
Victoria, wins Two Passes to the  
Capitol Theatre, Victoria, donated  
by Capitol Theatre.

Miss Margaret Morley, 919 Van-  
couver Street, Victoria, wins one  
Permanent Wave, donated by Bert  
Waude's Beauty Shop, 718 Yates  
Street.

Miss M. E. Baker, 307 Moss Street,  
Victoria, wins Three Clarks of Hose,  
donated by B. M. Clarke, 711 Yates  
Street.  
Prizes will be presented from the  
Capitol Theatre stage tonight at  
8 o'clock.

## AMUSEMENTS

On the Screen

Atlas—"Bordertown," starring  
Paul Muni.

Capitol—"Test Pilot," starring  
Clark Gable in  
"Test Pilot."

Columbia—"Forsaking All  
Others," starring Joan  
Crawford.

Dominion—"The Return of  
the Scarlet Pimpernel,"  
starring Barry Barnes.

Oak Bay—"Happy Landings,"  
starring Sonja Henie.

Plaza—"Adolphe Menjou in  
"The Goldwyn Follies."

the authors, Moss Hart and George  
S. Kaufman, as a negro of low men-  
tality, whose chief duty in the  
course of the play is to bring  
files for Grandpa Vanderhof's pet  
snakes.

It is assumed, from the dialogue,  
that Donald sits around dozing in  
the sunlight, perhaps with his  
mouth open, and traps the unusu-  
ally large insects which are to find  
their way, ultimately, into the  
solarium on the Sycamore mantel-  
piece.

The truth is that John Marriott,  
the young actor who plays this part,  
and plays it well, is not as dumb as  
he seems to be in the play. Far  
from it, for it so happens that Mr.  
Marriott holds a Bachelor of Science  
degree from the University of Wil-  
berforce, Ohio, and attracted con-  
siderable attention for his special  
work in industrial chemistry at the  
Ohio State University.

## FREE SHOW WILL CONCLUDE TODAY

Victoria Housewives to Be Guests  
Of the B. Wilson Company  
At the Bay

Hundreds of Victoria housewives  
will "go to school" in a most de-  
lightful way when they are the  
guests, for the last time this after-  
noon at 2:30 o'clock, of the B. Wil-  
son Company, Ltd., at the Oak Bay  
Theatre.

To show in the most interesting  
possible way the features of the  
Coolerators Ice Refrigerator, the dis-  
tributors have engaged the theatre  
to present the Hollywood-made  
four-reel film, "Husbands Are Good  
for Something."

Throughout the story is an at-  
mosphere of friendliness, hospitality  
and keenly human appeal; while  
advice is authentic, helpful and  
timely because the all-Hollywood  
cast had the assistance and direc-  
tion of trained home economists who  
have devoted years to the study of  
average home problems. The pro-  
gramme constitutes, say its sponsors,  
a real "Cooking School" by medium  
of the moving picture film. Tickets  
of admission are free upon applica-  
tion to the B. Wilson Co., Ltd., or  
at the theatre.

## DOREEN WILSON TO APPEAR IN REVUE

Doreen Wilson, former student  
and teacher at the Russian School  
of Dancing, now a prominent radio  
star, will be the guest artist on the  
programme of "Footlight Frolics,"  
the Russian Ballet's new revue.  
Miss Wilson, a native daughter of  
Victoria, was until a short time ago  
a familiar figure to Victoria theatre-  
goers and her many friends and ad-  
mirers will welcome this opportu-  
nity of seeing and hearing her  
again. She will sing several of the  
songs which have made her so popu-  
lar on the radio, including "Shadows  
in the Moonlight," Russian folk  
songs, operatic arias, and the late  
George Gershwin's last song, "Love  
Walked In." She will be accom-  
panied by Miss Irene Dumbleton.

Her performance at the Royal  
Victoria Theatre on Friday, June 3,  
will mark her first appearance in  
Victoria since she accepted her  
present position on C.B.R.  
This will be only one of the many  
features which will go to make  
Footlight Frolics one of the best  
reviews ever put on by the Russian  
Ballet School of Dancing.

## Baseball's Big Six

By The Associated Press  
The three leading batters, and ties,  
in each league, follow:

McCormick, Reds ..... 37 161 25 41 379  
Lavantha, Dodgers ..... 28 95 16 28 379  
Trosky, Indians ..... 28 119 29 45 378  
Averill, Indians ..... 26 123 30 50 376  
Dikmar, Yankees ..... 25 90 16 33 367  
Steinbacher, W. Sox ..... 25 106 14 50 367  
Lazzeri, Cubs ..... 23 74 18 26 351

Home Runs—Greenberg, Tigers,  
12; Fox, Red Sox; Goodman, Reds,  
and York, Tigers, 10.

Runs Batted In—Fox, Red Sox,  
46; Galan, Cubs, and Ott, Giants,  
38; Averill, Indians, 37.

## Mid-Week Cricket Elevens to Open Season Tomorrow

WEDNESDAY League  
cricketers will open their  
bids for the Payne Cup to-  
morrow afternoon at Beacon  
Hill Park, where the Five O's  
will oppose Victoria. The  
match will commence at 3  
o'clock. The churchmen will  
field the following team:  
Shrimpton, Wilkinson, Nixon,  
McIlvenny, Pite, Freeman,  
Petch, Peers, Cress, Limer,  
Hepworth and Griffin.

## Breaks Record in Winning 500-Mile Indianapolis Race

**Floyd Roberts Wins Grueling Event After Averag-  
ing 117 Miles Per Hour—Wilbur Shaw Second  
And Chet Miller Third—Spectator Killed by  
Flying Wheel From Racing Car**

INDIANAPOLIS, May 30 (P).—  
Floyd Roberts, thirty-eight-year-old  
aviation engineer of Van Nuys,  
Cal., streaked around the two and  
one-half mile Indianapolis motor  
speedway today at record breaking  
speed to win the annual 500-mile  
race by five miles in the twenty-  
sixth running of the famous classic.

Roberts, winning his first major  
victory in twenty-two years of rac-  
ing, most of them on dirt tracks,  
was never farther back than fourth  
after the first fifty miles. He went  
into the lead at 200 miles, lost it  
temporarily to Jimmy Snyder, the  
"Flying Milkman" from Chicago, re-  
gained it at 400 miles and held it  
to the finish.

The winner piloted his stub-nosed,  
red racer, a new four cylinder crea-  
tion, across the line at the amaz-  
ing average speed of 117.200 miles  
an hour. This eclipsed the pre-  
vious record of 113.580 established  
by Wilbur Shaw of Indianapolis in  
winning the 1937 race. Shaw placed  
second today.

## ONLY ONE STOP

Roberts, driving the entire dis-  
tance without relief and making  
only one thirty-second stop for a  
quick change and gasoline at  
267 miles, covered the distance in  
4:15:58.40.

The race was beclouded by the  
killing of Everett Spence, thirty-  
three, Terre Haute, Ind. Spence,  
standing on a truck with a party  
of ten others, was struck by a  
wheel which flew off a careening  
race car piloted by Emil Andres  
of Chicago. Spence was dead when  
taken to a hospital.

Andres' car, travelling at a ter-  
rific speed, hit the south-east lower  
retaining wall, turned over three

times and came to rest in the in-  
field. The right front wheel flew  
high in the air and travelled 100  
feet before it struck Spence. It  
was the thirty-fourth death in a  
quarter of a century of racing at  
this famous course and the second  
fatality to a spectator.

Roberts, who made his first ap-  
pearance in an Indianapolis race  
in 1934, won about \$38,000 as the  
result of his victory. He received  
\$20,000 as first prize and the  
balance in lap and accessory prizes.  
The crowd was under the 150,000  
attendance of a year ago.

## FINISHES THIRD

Chet Miller of Detroit trailed  
Shaw by two and one-half miles.  
Miller, hanging close upon Roberts  
in the closing miles of the race,  
was forced to stop on his next  
to last lap to take on fuel when he  
was almost assured to second place.  
The sixty-second stop probably cost  
him \$5,000, the difference between  
second and third prizes.

Ted Horn of Los Angeles finished  
fourth, nearly thirty miles back of  
the flying Roberts. The balance  
of the field was strung out for miles.  
Snyder was forced to surrender,  
after he was in the lead at 350 miles,  
because of a faulty supercharger.  
Lou Meyer of Huntington Park,  
Cal., only three-time winner of the  
race, gave up at 375 miles because  
of a broken oil pump. The car  
driven by Kelly Pettilo of Los

Angeles broke a crankshaft after  
250 miles.

Twenty-one of the original start-  
ing field of thirty-three cars came  
to grief with accidents and motor  
trouble.

## GLENLYON TRIUMPHS

Glenlyon Preparatory School won  
a friendly cricket match from the  
visiting Fairbridge Farm School over  
the week-end by a 62 to 21 score.  
Clever bowling featured both sides  
playing. Darling was high batsman  
for the winners with 17, and Bray-  
field headed Fairbridge with 15.  
Pickles and Rowe had five wickets  
for ten runs for Glenlyon, and H.  
Brayfield four for 21 for the visitors.

## THE STYLE THRILL OF 1938

**H**OLLYWOOD actresses started cycling  
to keep slim and to keep fit. And  
they found it such fun they kept on  
riding. Soon the younger set at fashionable  
seaside resorts followed suit. Then college  
girls and school girls took it up. Right now  
all over the civilized world cycling is the  
smart thing to do. It's the style thrill of  
1938.

You don't have to be a woman athlete to  
enjoy this fashionable sport. C.C.M. have  
produced ladies' and girls' Bicycles light in  
weight and which run so smoothly that  
very little physical effort is required to  
pedal them—just sufficient exercise to keep  
you fit without overtaxing you.

Step into the C.C.M. dealer nearest to you  
and choose one of the 1938 C.C.M.'s.  
They're so smartly styled, so brilliantly  
finished in sapphire blue or maroon enamel,  
with chromium plated bright parts, you'll be  
keen to be seen on one of them.

C.C.M. Bicycles are made by Canada Cycle  
& Motor Company, Limited, Weston, Ont-  
ario. Branches at Montreal, Winnipeg and  
Vancouver.

# FINANCE - COMMERCE - MARKETS

## Mines Higher While Oils Depressed on Vancouver Exchange

VANCOUVER, May 30.—Mining issues were irregularly higher while oils closed lower on Vancouver Stock Exchange today. Sales volume was light and transfers totaled 53,790 shares.

Lower-priced base metals were fairly active. B.C. Nickel at 10 1/2 and Whitewater at 3 3/4 firmed fractions as Lucky Jim at 2, Noble Five at 2 1/2 and Nicola at 3 1/2 remained unchanged. Pend Oreille added 6 at 14 1/2.

Bralorne Gold gained 5 at 8.85, while Cariboo Gold Quartz at 2.18 and Remo at 55 each added 2. Kootenay Belle moved up 1 at 1.08 as Big Missouri at 33 and Pioneer at 3.05 held steady. Premier slipped 3 at 1.87 as Sheep Creek dropped 2 1/2 at 90 and Hedley Mascot lost 1 at 1.06.

Calgary Edmonton oil dipped 90 cents at \$38.50. Two-cent losses were posted in Anglo-Canadian at 1.38, Davies Petroleum at 37 and Okalta at 1.33. Dalhousie was off 4 at 40 and Prairie Royalties eased a fraction at 40. Other stocks were unchanged.

## LAST HOUR OF TRADING BRIGHTER

TORONTO, May 30.—Market action was far from spectacular in the earlier hours of today's Toronto exchange session but the trade livened up in the last hour.

The New York market holiday (Memorial Day) caused a sympathetic tapering off of action here and the aggregate turnover was only 340,000 shares.

Two medium-priced goods, Moneta and Preston and one base metal, Waltham, supplied the highlights.

Moneta advanced 29 to 2.05 and Preston gained 13 to 83. Net gains of 5 or more were recorded for Central Pacific, Mackay, Pampour, Perron, Pickle, Crow, Pioneer and Powell-Rouyn.

Noranda and Smelters added 3-4 to a point while Nickel gained a small fraction. Ventures, Sherritt and Pend Oreille were up. Eldorado closed 9 down.

In the industrial section Walkers common gained a point, Distillers-Scagrams added 1-2. The close was up minor fractions for C.P.R., Imperial Oil, International Petroleum and Massey-Harris.

Losses in the Western oil group were limited to a few cents for the Juniors and Royalties closed 1-2 point down. Calgary & Edmonton, Calmont, Brown, Davies and Highwood dropped 1 to 3 cents and Okalta weakened 8.

Losses in the Western oil group were limited to a few cents for the Juniors and Royalties closed 1-2 point down. Calgary & Edmonton, Calmont, Brown, Davies and Highwood dropped 1 to 3 cents and Okalta weakened 8.

## HUGE ARMY WAITS SIGNAL FOR DRIVE

Continued from Page 1

Heavy fighting was reported in progress in the Lanfeng sector and the narrow bottleneck strip between the Yellow River and the Lunghai, where the fate of Kai-feng was being written.

Kai-feng is thirty miles west of Lanfeng and forty-three miles farther west lies Chengchow, junction of the Lunghai and Peiping-Hankow railways nearly 300 miles north of Hankow.

Japanese reported Chinese were beginning to withdraw from Lanfeng after Japanese warplanes struck and bombed defence forces south and northwest of the city.

**ATTACKS REPULSED**

Chinese reports, in turn, said desperate Japanese counter-attacks were repulsed, with 400 Japanese killed and nine tanks and military supplies captured. Chinese asserted they had recaptured Lowang station and town.

In extreme Northwestern Anhwei Province, Japanese occupied Kwangyang and Pohnien. Pohnien is forty miles south of the Lunghai railway.

Air attacks on Canton continued, with an estimated 1,000 civilians killed and 1,500 wounded in the series of attacks which began Saturday.

## ALL CZECHS MUST TRAIN

Continued from Page 1

for thirty hours annual training in civilian air defence.

Another fortnight of pre-election excitement confronted Czechoslovakia as results of yesterday's municipal balloting were studied and as party leaders prepared for the third and final round scheduled for Sunday, June 12.

The Sudeten German Party, headed by Konrad Henlein, proclaimed its biggest victory to date—92.2 per cent of all German votes cast went to Henleinist candidates, party headquarters announced. This was an increase from the figure of 88 per cent in the voting of a week ago Sunday.

## PAYING CITY BRIEF VISIT

Continued from Page 1

territory Sir Godfrey Rhodes' company serves.

Sir Godfrey Rhodes went to East Africa following the Great War, in which he served with distinction. At first he was chief engineer in charge of construction, gradually attaining his present position. His father was Henry Rhodes, well known in Victoria and Vancouver. A brother, Henry Rhodes, golf professional, Vancouver, came over from the Mainland port to meet the Russia. The brothers are guests at the Empress Hotel.

## FIND NO TRACE OF MISSING AIRCRAFT

Continued from Page 1

routes for tomorrow, when nine planes will take the air to scour the West Coast and interior of the Island.

A United States coast guard flying boat is scheduled to take off from Port Angeles, Wash., tomorrow, and make a wide circle over the Pacific on the chance Pilot Waagen overshoot Zeballos and was forced to land at sea.

With Pilot Waagen in the plane were Mrs. George Nicholson, wife of the postmaster at Zeballos; Charles R. Rumsey, Toronto mining engineer, and H. Boyd, of Stevenson, B.C.

Another United States coast guard machine returned to Port Angeles tonight, and will resume the search tomorrow with the second machine.

Ginger Coote, head of the air line bearing his name, centred his search today in the vicinity of Buttles Lake.

Howard McDonald, Canadian Airways pilot, and Dick Raines, radio operator, covered the East Coast of Vancouver Island, Texada Island and interior lakes, also returning here tonight.

Ernie Kubicek flew to this mining town late today with a ten-passenger United Air transport ship, which he brought down from Port St. John, B.C., earlier in the day. Carrying Captain R. G. Lawson, R.N.R., well-known navigator who will aid the searchers, and three passengers, Pilot Kubicek scoured the airline route on his way here. He later returned to Vancouver and will take the regular air trip tomorrow, deviating from his course to search for the missing machine on his return here.

This is the second time Kubicek has aided in a search for Waagen, having found him last August when he was lost for a short time in the Peace River district.

Ted Dooin, another well-known British Columbia pilot, arrived here tonight in his own plane and will join the searchers tomorrow.

The other two machines which will be used tomorrow will be the Royal Canadian Air Force plane piloted by Flying Officer H. L. Riddell, of the Jericho Beach station at Vancouver, and the Canadian Airways machine used by N. E. (Molly) Small.

**SAW YELLOW PLANE**

After a day of conflicting reports, headquarters of the Provincial Police put most credence in reports that the missing airplane had been

seen twice on Friday morning on Muchalat Arm.

Officers on the patrol launch P.M.L.7 reported that the lighthouse keeper at Neoka confirmed and repeated an account in which he said he saw a plane at 11 a.m. on Friday, with its engine missing badly. The machine turned inland from Burwood Point, between Escalante and Muchalat Arm. As he listened, the light-keeper heard the engine stop.

From Joe Packson, a prospector at Muchalat Arm, the police heard a later account fitting in with the same report. Mr. Packson said he saw a small yellow plane at 11:30 a.m. Friday, flying low down over Muchalat Arm, four miles from Gold River, a tributary emptying into the arm. The engine was missing badly. The weather was clear then.

By Corporal Tweedhope, at Courtenay, the police were informed that a fire or a light was seen at Comox Lake on Friday evening. Corporal Tweedhope left for the lake to investigate.

The West Coast reports from Muchalat Arm were checked and confirmed by police wireless at 8:30 o'clock last evening.

## Saanich School Board Discusses Salary Question

A committee meeting of all members of the Saanich Board of School Trustees was held last night to consider the question of a salary schedule for elementary and high school teachers, before receiving a delegation of the teachers at a meeting to be held at an early date.

A week previously the board received a committee of teachers, who submitted for consideration a schedule prepared as a result of a conference of teachers. At the same meeting, copies of a tentative schedule prepared by Trustees Nathaniel Gray, chairman, were furnished to the members of the board. It was then agreed that a delegation of two, representing the teachers as a whole, should wait upon the board at a later date.

The two suggested schedules were considered at the special committee meeting of the board last night, but no decision will be reached until after the second meeting with the teachers.

## MISSIONARIES STAY AT DANGEROUS POSTS

HANKOW, China, May 30 (C.N.S.)—Canadian missionaries, stationed at Kai-feng, Honan Province, are determined to remain whatever happens, according to delayed dispatches reaching here today.

The Central China town has been bombed ten times in eighteen days, but none of the fifty-five foreign residents has been hurt and no foreign property has been damaged.

MONTREAL, May 30 (C.N.S.)—By arrangement with the Dominion Government, Canadian National Railways will build new passenger stations at Saskatoon and La Tuque, Que., officials announced today.

## What Today Means

"GEMINI"

If May 31 is your birthday, the best hours for you on this date are from 9:30 to 11:30 a.m.; from 1:30 to 3:30 p.m., and from 6:30 to 10:30 p.m. The danger periods are from 7:30 to 9:30 a.m.; from 6:30 to 8:30 p.m., and from 10:30 p.m., until midnight.

This day may bring to light the dual personality of many people you know. Good might have to struggle hard against evil to keep in the ascendancy. This may be a day that will test your strength of character. You will be required to analyze every move you make, and everything you say. Be guided by your sense of justice, and be sure that all of your motives keep you far removed from the taint of baleful suspicion. Conserve your energies and keep your thoughts free of day-dreams, if you expect to accomplish what you have to do this day. It will pay you to be genial, considerate and charitable in your social and business contacts if you want a suitable reward for your efforts. You may have more than one reason for becoming convinced that many exceedingly generous people are among your relatives and friends. Married and engaged couples, as well as those ready to plight their hearts and hands, should bear in mind that: "It is much easier to be critical than to be correct."

If a woman and May 31 is your birthday, your lack of fear will cause you to take too many chances. You apparently are always going to retain the spirit of youth, be very popular socially, and, perhaps, be regarded as a leader in your set. Your generosity and sympathy may induce you to make too many sacrifices, so try to be practical in applying both. Should you go into business you are likely to be successful on a large scale. Your greatest mistake might be your desire to argue. As a shop or office executive, sales agent, interior decorator, purchasing agent, author, artist, musician or singer fame and prosperity may be awaiting you. The chances are you will make a very happy marriage.

The child born on May 31 is seldom much of a care or responsibility. This youngster generally has the happy faculty of being capable of paddling its own canoe. Opportunities galore are apt to be awaiting its maturity.

If a man and May 31 is your natal day, you may be partial to decorative surroundings, music and congenial companionship. As an actor, artist, journalist, publisher, printer, contractor, salesman or financier you may find your way in life comparatively easy.

CHAPTER XXXIII  
"But if a shorter time had elapsed—if you had followed Miss Hardwicke immediately, then it would have been possible."  
"No. I should still have been behind Miss Hardwicke and she was certainly not more than half-way down the tunnel when she heard the shot."  
"Mr. Somers, are you aware that the path which skirts the house divides at a point level with the terrace?"  
"Yes, I know it now, but I knew nothing about it last night."  
Miss Hardwicke took the right fork and came out upon the lawn. If you had taken the left fork you would have passed the end of the yew hedge and come out upon the strip of grass behind the rose garden. You know that now, don't you?"  
"Yes, I know it now."  
"But you didn't know it last night?"  
"How could I know it? The place was utterly strange to me."  
"You had never been there before?" The sneer was still in Colonel Anstruther's voice.  
"No, I had never been there before."  
Mr. Brook took up the question. "You had never met Lady Colesborough in these grounds?"  
Algy smiled and answered: "I had met Lady Colesborough exactly three times before last night—twice at a night club, the Ducks and Drakes, where she was with a party and I was with Miss Hardwicke, and once at the flat of some cousins of mine, the Westgates, where we dined at the same table and I afterwards talked to her for about ten minutes in the midst of a crowd of people."  
"You haven't answered my question, Mr. Somers."

"I thought I had. I have certainly never met Lady Colesborough either here or anywhere else, if by that you mean a clandestine meeting."  
"And you have never been to Cole Lester before?"  
"I have said so quite a number of times."  
"But if you had been here before—if you were familiar with these grounds—you will agree that you could have reached the strip of grass beyond the yew hedge before the shot was fired?"  
"I am not inclined to agree to a purely hypothetical case," Algy said good-naturedly.  
"Will you agree that a man who took the left fork would naturally outstrip anyone who, taking the right-hand turn, would have to find their way across the lawn to the entrance of the yew walk?"  
"No, I don't agree at all. I should think that the distance would be about equal."  
"But if the man who took the left-hand fork had a torch and used it, and if he ran, I think you will have to admit that he could have reached the place where the shot was fired in plenty of time to meet Sir Francis, snatch his pistol and fire that shot?"  
"Well, I don't know that I'm admitting that either," said Algy. "Lady Colesborough says the man she went to meet was at the window in the yew hedge when she got there. She doesn't say anything about his coming up at a run and snatching the pistol. From what she told me, she and Mr. Zero were talking through the window and she was handing over a package of letters, when she heard someone running and Sir Francis arrived on the scene. Isn't that what she says in her statement?"  
Mr. Brook nodded.  
"Sir Francis came from the right. He must have turned right at the path and skirted the rose garden in that direction. Anyone who followed the path which you and Miss Hardwicke took would have skirted the rose garden on the left and come out onto the grass on that side. Mr. Zero would almost certainly have come that way, because it was the shortest and most direct route between the meeting place and the road, where he would naturally have left a car. You did not observe any other car?"  
Algy shook his head.  
"There was no other car within range of my headlights."  
"Mr. Somers, did you hear a car at any time either before the shot was fired or afterwards—especially afterwards? If Mr. Zero did not remain at Cole Lester he must have got away—probably by car. Did you hear any car?"  
Algy said: "Yes, I did," and thought how convenient a lie it must sound—"If Mr. Zero left Cole Lester he must have left by car. Did you hear a car?—Yes, I did. . . . It happened to be the truth, but there were times when the truth sounded strange. He gave a short laugh and added: "You won't believe it, but it's perfectly true—I did hear a car, though I didn't take any notice at the time. It was just before we met Sturrock and the servants. Miss Hardwicke may have heard it too."  
Inspector Boyce turned in his chair. He addressed the chief constable.  
"I put the question to her myself, sir, and she said she hadn't noticed anything. And the servants, they didn't notice anything either."  
"They had plenty to think about," said Algy. "I didn't remember it myself until you asked me, but I'm quite prepared to swear to it now. I did hear a car, and it was going back the way we came."  
"Suggesting that Mr. Zero had run his car on a bit and left it turned all ready to go back to town again," said Mr. Brook.  
Algy admitted a faint tone of sarcasm to his voice.  
"I won't go so far as that—but then I haven't your imagination."  
Mr. Brook smiled, faintly.  
"Imagination may be very useful," he said.

## GAME SEASONS ARE SUGGESTED

Fish and Game Protective Association Brings Forward Proposed Dates

Members of the Victoria and District Fish and Game Protective Association gathered at the Chamber of Commerce yesterday evening to make recommendations for seasons governing game birds on Vancouver Island. The suggested dates will be presented at a meeting of the Affiliated Fish and Game Associations of Vancouver Island at Nanaimo on June 6, and then will be forwarded to the game board for official ratification.

Few changes from the bag limits and seasons in effect last year were made. After hearing considerable discussion on a shortage of willow grouse, the meeting decided to allow

Children's sizes. 98c and \$1.19

## WORK TO PREVENT WAR ON CIVILIANS

Continued from Page 1  
George Lansbury, veteran Labor member and a noted pacifist, asked whether the Prime Minister considered "either side in China or Spain should take notice of protests against this sort of warfare, seeing that Britain and all the great powers were feverishly struggling to prepare for even worse and more cowardly outrages against the civilian population if war breaks out."

Don't squeeze blackheads—dissolve them. Get two ounces of peroxide powder from any drug store and rub gently with wet, hot cloth over the blackheads. They simply dissolve and disappear by this safe and sure method. Have a Hollywood complexion.

Lansbury asked why debate was to be held next Wednesday on air raid precautions "when we know perfectly well that we are expecting to bomb any enemy with whom we may be at war and they expect to bomb the civilian population."  
Mr. Chamberlain did not reply.  
EXPRESSED CONCERN  
Mr. Chamberlain said the British Government was "on more than one occasion expressed to both sides in Spain" its "profound concern at the intensification of aerial bombardment, resulting in serious loss of life among the civilian population, and have drawn attention to the universally accepted principle that aerial bombardment of military objects is alone permissible."  
"Though I have no information at

my disposal to enable me to judge what the objectives were on this occasion (the Alicante bombing)," he said, "I desire to take this opportunity of repeating how profound the British Government deplores the maiming of defenceless civilians."  
Richard Butler, Under-Secretary for Foreign Affairs, said Great Britain would protest strongly to the Spanish insurgent regime against the sinking of the British freighter Thorpehall off Valencia last Tuesday.  
Britain, he said, takes the view that the attack was deliberate, and will ask the insurgents to take "strong disciplinary action" against crews of the attacking airplanes.  
The vessel went down with a cargo of wheat. Three of the crew were injured.
